Parsons, 2016-01-07 Nursing is an evolving profession that requires continued knowledge updates in formulating a foundation for practice In order to promote patient safety and satisfaction it is imperative that nurses monitor publications and increase their knowledge base Each patient is different each care management situation requires an individualized plan of care These require the nurse to develop a personal framework for practice that continually develops from this information This mandates an evolving knowledge base which this edition will supply for nurses who work to deliver care that is research based and protocol driven This issue of Nursing Clinics will be both timely and relevant as it will combine two clearly important topics for nurses in care

management pathophysiological updates as well as research based protocols that are important to continuity of validated evidence based care delivery This will give nurses across organizations the opportunity to see care from a perspective of patient wholeness and not truncate care in order to address total components With care reimbursement dependent on outcomes it is important for the nurse to see care as a continuum and not finite This issue will give nurses this perspective

Beyond Burnout, Second Edition: Overcoming Stress in Nursing & Healthcare for Optimal Health & Well-Being Suzanne Waddill-Goad, 2023-04-14 This book came at the perfect time The information is very helpful and it's just nice to know so many others have similar challenges Trena Ray PhD RN NEA BC Chief Nursing Officer Associate Vice Chancellor for Patient Care Services Clinical Assistant Professor UAMS College of Nursing Another edition of renewable energy reminding us to be our best This book takes us on a journey through stress burnout and post traumatic stress and sparks innovative solutions Kristin Christophersen DNP MBA RN NEA BC CENP CPHQ CLSSGB FACHE Healthcare Executive and Owner VitalNow LLC Beyond Burnout is timely relevant and critical to understanding the stressors that plague healthcare today Cindi M Warburton DNP FNP Executive Director Northwest Organization of Nurse Leaders Healthcare professions typically attract those who give deeply of themselves to make a positive difference in others lives But that giving can come at a significant price burnout While the healthcare vocation offers myriad options in work settings and career paths it can also involve tremendous amounts of stress because of long shifts mental and physical exhaustion patient challenges and regulatory changes When stress and fatigue overtake a healthcare provider's ability to adequately cope with physically and emotionally taxing circumstances burnout is often the result potentially leading to compromises in quality and patient safety Since the publication of the first edition of this book the COVID 19 pandemic has only added dramatically to nurses and other healthcare providers stress exacerbating existing problems with strained resources and labor shortages In Beyond Burnout Second Edition author Suzanne Waddill Goad adds new strategies and up to date data driven information for building hardiness and resilience so that nurses and other healthcare workers can successfully navigate their increasingly challenging environment while reducing stress and preventing burnout
