

ENGINE IMMOBILISER

This locks the engine control system and therefore prevents starting of the vehicle by anyone who does not have the key.

Operation

Each key has a special code. When the ignition is switched on the key code is recognised by the engine immobiliser system and starting is possible.

The engine immobiliser automatically locks the engine control system a few moments after the ignition has been switched off.

Confidential card

This shows the identification code which is required if any work is carried out on the system by your PEUGEOT dealer. This code is hidden by a film which must not be removed unless required.

Keep your card in a safe place, never in your vehicle.

When buying a second-hand car:

- *Make sure that you are given the confidential card.*
- *It is advisable to have the key codes memorised by your PEUGEOT dealer in order to ensure that the keys in your possession are the only ones which can start the vehicle.*
