Populism Study Questions Ws:

Populism and Politics Peter H. Argersinger, 2014-07-15 This study focuses attention of the People's party which existed for a short time in the 1890s. Despite its brief existence, the party and the movement that brought it into being had a lasting effect on American politics and society. Populism originally developed outside the political system because the system had proved incapable of responding to real needs. As the movement was transformed into the People's party, however, much of its responsive nature was lost. The People's party became subject to the same influences that guided the old parties and it became more concerned with winning office than with promoting genuine reform. In finding this sharp distinction between Populism and the People's party, Mr. Argersinger portrays Populism not as a success but as a tragic failure betrayed from within by politicians who followed political dictates rather than Populist principles. Mr. Argersinger studies the Populist predicament in organizing a national movement in a time of political sectionalism and discovers neglected phases of Populist activity in the crucial campaign of 1896. He suggests that there may have been some validity to the charge of Populist conspiracy-mindedness.

Populism and the Web Mojca Pajnik, Birgit Sauer, 2017-08-25 The Web plays an increasingly important role in the communication strategies of political parties and movements which increasingly utilize it for promoting ideas and ideologies as well as mobilization and campaigning strategies. This book explores the role of the Web for right-wing populist political parties and movements across Europe. Analyzing these groups' discourses and practices of online communication, it shows how social media is used to spread ideas and mobilize supporters whilst also excluding constructed others such as migrants, Muslims, women or LGBT persons. Expert contributors provide evidence of a shift in the strategies of mainstream parties as they also engage in Internet populism and suggest ways that progressive movements can and do respond to counter these developments. Topics are explored using a cross-country analysis which does not neglect the particularities of the national contexts. This work will appeal to researchers and students working in the fields of media and communication studies, political theory, policy analysis, studies of populism, racism and nationalism, gender, LGBT, migration, Islam and welfare.

Children's Voices: Studies of interethnic conflict and violence in European schools Mateja Sedmak, Zorana Medarić, Sarah Walker, 2014-05-09 How are the processes of increasing ethnic and racial diversity reflected in European schools? How do children and educators experience and perceive interethnic relations in schools? This book examines the issues of interethnic coexistence, the management of ethnic diversity, xenophobic and racial attitudes and, in particular, the under-researched topic of interethnic violence among children in the school environment. Drawing together qualitative and quantitative data across five European countries, it offers an insight into the views, personal experiences and responses of children from different ethnic backgrounds to interethnic violence in European schools. International contributors from England, Slovenia, Cyprus, Italy and Austria come together to provide a comparative study of experiences of interethnic conflict and violence in primary and secondary school classrooms. Each chapter focuses on positive measures that

can combat discrimination providing examples of good practice as well as considering the position of the school in promoting citizenship in an increasingly global world By examining the experiences and perspectives of children educators and experts the book provides up to date research findings in the field and suggests key mechanisms for addressing interethnic violence in schools With support schools can play a key role in alleviating interethnic tensions and combatting ethnocentrism through the implementation of strong policies acting as protected spaces Children s Voices Studies of interethnic conflict and violence in European schools is of international relevance both within Europe and beyond and will appeal to researchers teachers and policy makers concerned with race equality in the classroom

Cultural Studies in Question Marjorie Ferguson, Peter Golding, 1997-04-28 This major text offers a critical reappraisal of the contemporary practice of cultural studies It focuses in particular on the contribution of cultural studies to the understanding of media communications and popular cultures in contemporary societies The contributors an outstanding group of internationally acclaimed scholars examine topics such as the different strands of cultural studies and how they are developed whether cultural studies is a coherent discipline tensions and debates within cultural studies alternative or related approaches to contemporary media and society and the movement by cultural studies revisionists towards more empirical and sociological modes of analysis

Polanyi in times of populism Christopher Holmes, 2018-04-17 The rise of populism across Europe and the US first in the wake of the 2008 global financial crisis and then in the shape of Donald Trump s presidential campaign and the Brexit vote in 2016 are indicative of a seismic shift in the terrain of economic ideas in public discourse Settled liberal norms concerning ever increasing international market expansion and the political integration required to sustain it have been decisively upset by political forces that whilst once on the fringes now dominate economic debate How might we make sense of this ideological breakdown and what might we hope for next This book turns to the work of Karl Polanyi for answers developing the expansive historicised approach to political economy that Polanyi pioneered Holmes provides a wide ranging history of economic ideas read in terms of a series of hopeful theoretical visions of order in which political social and ecological contradictions could be transcended in one way or another Through this the book demonstrates that the failing utopian visions of pre 2008 economic orthodoxy which have formed the backdrop to the rise of populism today are only the latest in a series that stretches across economic thought in Western modernity as a whole This book will interest students and scholars of IPE political science sociology anthropology law and history

Ethical Journalism in a Populist Age , Stephen J. A. Ward, 2018-09-26 Fake news alternative facts and daily attacks on the media from the Trump White House are redefining the media s role for a new generation Mainstream media has traditionally allowed journalists two roles In order to remain ethical they must either be neutral observers reporting the facts or signal that they are biased interpreters espousing a partisan agenda In this provocative new work leading global media ethicist Stephen Ward suggests that journalism needs to embrace a third path and begin practicing a new kind of journalism democratically engaged journalism It is only by

breaking free of dualistic ethical practices that the world's media will be able to address Trumpism a heady mix of populism authoritarian leadership narrow patriotism and moral tribalism Us versus Them Weaving in rich examples from daily journalism this timely book will address practical questions such as how to cover a constant torrent of presidential tweets how fact checking plays a part in democratically engaged media and how journalists should respond to the pressure to be patriotic in their coverage of global issues such as immigration and the impact of Trump's America First foreign policy At issue is the need to construct a new journalism ethics for today's social context We need a new approach to journalism ethics not only to report on the Trump presidency but also for reporting in a digital global world **Oregon State Monographs. Studies in Political Science** Oregon State University, 1950 *Text* W. S. Hill, Edward M. Burns, 2002-05 The newest volume in the distinguished annual **Cold War**, The Pioneers of Development Economics Jomo Kwame Sundaram, 2005-09 A survey of the main influences on the development of modern development economics **The Taiwan Question in Xi Jinping's Era** Suisheng Zhao, 2024-11-01 Taiwan is one of the flashpoints with the potential to spark a war in East Asia With the rhetoric of striving for peaceful unification Xi Jinping has made clear that the Taiwan question is China's core national interest making it essentially non negotiable and important enough to go to war How has Beijing's Taiwan policy evolved What is the support for armed reunification among the Chinese people And how have Taiwan's internal dynamics and external relations changed in response to Beijing's evolving policy toward Taiwan These are crucially important questions that this edited volume delves into and hopes to answer This book will appeal to students and scholars of Chinese foreign policy Taiwan studies and cross Strait relations Political Science International Relations as well as Asian politics more generally The chapters in this book were originally published in the Journal of Contemporary China and are accompanied by a new Introduction Choice Reviews in Women's Studies, 1990-96 Association of College and Research Libraries, 1997 This is a collection of reviews that appeared in CHOICE magazine of over 2 000 women's studies titles Arranged alphabetically by subject matter using the editor's classifications each entry reprints the text of the original review gives bibliographic data and indicates readership level A Practical Guide to Middle and Secondary Social Studies June R. Chapin, 2007 Following in the vein of her best selling elementary book June Chapin focuses on key topics that are critical to the teaching of social studies in the middle and secondary classrooms This brief practical book enables readers to concentrate on the crucial relevant strategies and content to become effective social studies teachers who will be able to teach in a wide diversity of classrooms The goal for the reader is to teach social studies creatively and thoughtfully so that their students become knowledgeable and responsible citizens acting on core values and beliefs The History of Poland M. B. B. Biskupski, 2018-09-07 This book is an engaging explanation of the complicated history of Poland one of the least well known countries in Europe Poland which has one of the strongest economies in the European Union has faced significant turmoil throughout the years Encapsulating centuries of development this book distills Poland's historical evolution into

patterns including those that have developed since the first edition was published nearly 20 years ago The book begins with an overview of contemporary Poland providing both basic information about the geography culture and current political climate of the country while tying these to major contemporary issues This introduction is followed by chapters discussing Poland s long history starting with the 10th century The second half of the book presents a history of Poland in the 20th and 21st centuries covering the major issues affecting the country and offering possible interpretations of them This updated and revised edition accounts for recent events in Poland and examines the effects of the Polish diaspora globally

From the Catbird Seat Kathryn L. Corbett, Kathleen Preston, 1998 This 25 year history of the women s studies program at Humboldt State University California is based on two surveys completed by former and current program leaders n 10 faculty members n 18 and students n 201 as well as on the authors personal recollections After an introductory chapter individual chapters address the following topics 1 origins of the program 2 the academic program including courses structure and definitions 3 the faculty from the original nine program founders through the 1970s 1980s and 1990s 4 the students and changes through the 1970s 1980s and 1990s 5 program leadership and the changing role of the Women s Studies program leader 6 women s studies beyond the classroom and 7 issues and trends such as women s studies as a program or a department women s studies as a discipline tokenism course selection cross listing of courses teaching diversity and the women s center A concluding chapter offers final thoughts of the two authors Attached are a timeline and an appendix which includes titles of women s studies courses names of instructors and program leaders the survey questions a curriculum analysis by George A Corbett a summary of women s studies classes by term and year and a complete roster of women s studies and related classes Contains 15 references DB

The Weekly Underwriter Alasco Delancey Brigham, Henry Rogers Hayden, 1899

The Dynamics Of American Politics Lawrence C Dodd, 2018-02-06 This book offers a comprehensive assessment of the major theoretical approaches to the study of American politics. Written by leading scholars in the field, the book's essays focus particularly on the contributions that competing macro and microanalytic approaches make to our understanding of political change in America. The essays include systematic overviews of the patterns of constancy and change that characterize American political history as well as comparative discussions of theoretical traditions in the study of American political change. The volume concludes with four provocative essays proposing new and integrated interpretations of American politics. This is a path-breaking book that all scholars concerned with American politics will want to read and that all serious students of American politics will need to study. *The Dynamics of American Politics* is appropriate for graduate core seminars on American politics, undergraduate capstone courses on American politics, courses on political theory and approaches to political analysis, and rigorous lower division courses on American politics.

Woman Abuse in Rural Places Walter S. DeKeseredy, 2020-11-29 This book chronicles key contemporary developments in the social scientific study of various types of male to female abuse in rural places and suggests new directions in research theory and policy. The main objective of this book is not to simply provide a dry recitation of the extant literature on the abuse of rural women in private places. To be sure, this material is covered, but rural women's experiences of crimes of the powerful like genocidal rape and corporate violence against female employees are also examined. Written by a celebrated expert on the subject, this book considers woman abuse in a broad context, covering forms of violence such as physical and sexual assault, coercive control, genocidal rape, abortion bans, forced pregnancy, and corporate forms of violence. It offers a broad research agenda that examines the multidimensional nature of violence against rural women. Drawing on decades of work in the shelter movement with activist organizations and doing government research, DeKeseredy punctuates the book with stories and voices of perpetrators and survivors of abuse. Additionally, what makes this book unique is that it focuses on the plight of rural women around the world and it introduces a modified version of Liz Kelly's original continuum of sexual violence. An accessible and compelling read, this book will appeal to students and scholars of criminology, sociology, women's studies, cultural studies, policing, geography, and all those interested in learning about the abuse women face in rural areas. Walter S. DeKeseredy is Anna Deane Carlson Endowed Chair of Social Sciences, Director of the Research Center on Violence, and Professor of Sociology at West Virginia University. He has published 26 books, over 100 refereed journal articles, and 90 scholarly book chapters on issues such as woman abuse, rural criminology, and criminological theory.

Lords of Misrule A. Taylor, 2004-11-10 Flamboyant, cultured, and refined aristocracy is often seen as a national treasure. *Lords of Misrule* takes a different view and considers the role of an aristocracy behaving badly. This is a book about the political, social, and moral failings of aristocracy and the ways in which they have featured in political rhetoric. Drawing on the views of critics of aristocracy, it explores the dark side of power without responsibility. Less patrician paragons than dissolute and debauched debtors, the aristocrats featured here

undermined rather than augmented the fabric of national life For the first time Lords of Misrule recaptures the views of those radicals and reformers who were prepared to contemplate a Britain without aristocrats
