Earl,2010-06-30 The book of Joshua has been received and used as Christian Scripture throughout Christian history The challenge today however is how Christians should appropriately continue to read Joshua as Scripture not least in the light of well known historical and ethical difficulties with the narrative In Reading Joshua as Christian Scripture Douglas Earl draws on conceptual resources offered by recent anthropological approaches to myth and combines this with a close literary reading of the text in order to argue that Joshua is misconstrued when it is treated as a historical account of conquest Instead in its ancient Israelite context Joshua functioned to reshape accepted norms of community identity as reflected in the book of Deuteronomy by forming a new cultural memory Furthermore Earl reconsiders the traditional notion of the spiritual sense of Scripture in terms of a rich account of symbol and also makes use of the narrative hermeneutics of Paul Ricoeur The result is a fresh and unexpected reading of Joshua as Christian Scripture that develops the original function of the narrative in a way that resonates with classic premodern readings and is also challenging to contemporary Christian understandings of identity and faithfulness **Chemical Engineering Catalog** ,1922
