**Itineraries in Conflict** Rebecca L. Stein, 2008-08-26 An anthropological study of the relationship of tourism to Israeli identities politics and nation making The Anthropology of Religion, Magic, and Witchcraft -- Pearson eText Rebecca L Stein, Philip Stein, 2015-08-07 This book emphasizes the major concepts of both anthropology and the anthropology of religion and examines religious expression from a cross cultural perspective while incorporating key theoretical concepts It is aimed at students encountering anthropology for the first time *The Wrong Story* Greg Shupak, 2018-05-10 The Wrong Story lays bare the flaws in the way large media organizations present the Palestine Israel issue It points out major fallacies in the fundamental conceptions that underpin their coverage namely that Palestinians and Israelis are both victims to comparable extents and are equally responsible for the failure to find a solution that the problem is extremists often religiously motivated ones who need to be sidelined in favour of moderates and that Israel's uses of force are typically justifiable acts of self defense Weaving together the existing literature with new insights Shupak offers an up to date and tightly focused guide that exposes the distorted way these issues are presented and why each is misguided Israel's Military Operations in Gaza Marouf Hasian Jr, 2016-03-31 Civilians in Gaza and Israel are caught up in complex violent situations that have overstepped conventional battle lines Both sides of the conflict have found ways to legitimate the use of violence and continually swap accusations of violations of domestic and international humanitarian laws Israel's Military Operations in Gaza provides an ideological critique of the legal military and social media texts that have been used to legitimate historical incursions into the Gaza with special focus on Operation Protective Edge It argues that both the Palestinians and the Israelis have deployed various forms of telegraphic warfare They have each used argumentative rhetorics based on competing interpretations of events and are locked in a battle to convince international audiences and domestic constituencies of the righteousness of their causes This critical genealogical study analyses a range of texts and images from selfies circulated near the Gaza border to judicial opinions produced by the High Court of Israel With its multidisciplinary approach and original analysis of the Israel Gaza situation this book will be of interest to students and scholars of Middle East studies and the Arab Israeli conflict as well as security studies and communication studies *The Anthropology of Religion, Magic, and Witchcraft* Rebecca L. Stein, Philip L. Stein, 2017-05-08 This concise and accessible textbook introduces students to the anthropological study of religion Stein and Stein examine religious expression from a cross cultural perspective and expose students to the varying complexity of world religions The chapters incorporate key theoretical concepts and a rich range of ethnographic material The fourth edition of *The Anthropology of Religion Magic and Witchcraft* offers increased coverage of new religious movements fundamentalism and religion and conflict violence fresh case study material with examples drawn from around the globe further resources via a comprehensive companion website This is an essential guide for students encountering anthropology of religion for the first time **Conflicts in a Conflict** Michael Karayanni, Center for International Legal

Education,2014-04-30 Conflicts in a Conflict outlines and analyzes the legal doctrines instructing the Israeli courts in private and civil disputes involving the Occupied Palestinian Territories of the West Bank and the Gaza Strip since 1967 until the present day In doing so author Michael Karayanni sheds light on a whole sphere of legal designs and norms that have not received any thorough scholarly attention as most of the writings thus far have been on issues pertaining to international law human rights history and politics For the most part Israeli courts turned to conflict of laws or private international law to address private disputes implicating the Palestinian Territories After making a thorough investigation into the jurisdictional designs of the West Bank and the Gaza Strip both before and after the Oslo Peace Accords Conflicts in a Conflict comes to focus on traditional topics such as adjudicative jurisdiction choice of law and recognitions and enforcement of judgments Related issues such as the foreign sovereign immunity claim of the Palestinian Authority before Israeli courts as well as the extent to which Palestinian plaintiffs were granted access to justice rights are also outlined and analyzed This book s compelling thesis is the existence of a close relationship between conflict of laws doctrines as they developed over the years and Israeli policies generally in respect of the Palestinian Territories This study of the conflict of laws in a war setting and conflict of laws in a jurisdictionally ambiguous location will greatly serve scholars and practitioners in similarly troubled and complex legal situations elsewhere **Gender, African Philosophies, and Concepts** Musa W. Dube,Telesia K.

Musili,Sylvia Owusu-Ansah,2024-03-29 This volume sets out to explore propose and generate feminist theories based on African indigenous philosophies and concepts It investigates specific philosophical and ethical concepts that emerge from African indigenous religions and considers their potential for providing feminist imagination for social justice oriented earth communities The contributions examine African indigenous concepts such as Ubuntu ancestorhood trickster discourse Mupo Akwaaba Tukumbeng Eziko storytelling and Ngozi They look to deconstruct oppressive social categories of gender class ethnicity race colonialism heteronormativity and anthropocentrism The book will be of interest to scholars of religion philosophy gender studies and African studies Visual Evidence and the Gaza Flotilla Raid Maayan Amir,2022-01-13 This

book engages with pivotal examples of extraterritoriality from Antiquity and into the twenty first century in order to broaden the original judicial and geographical definition and thereby include physical and digitized information and visual data in particular By focusing on a critical incident of recent Middle Eastern history namely the Gaza Freedom Flotilla of 2010 which sailed against Israel s enduring blockade it shows how the device of extraterritoriality shapes not only the political situation in Gaza the legal status of the maritime environment in which the flotilla incident took place and the judicial actions taken in response but also reveals how the concept of extraterritoriality is key to explaining the State s subsequent efforts to confiscate and monopolize all visual evidence of its alleged violations of international statutes Through the lens of the missing visual evidence characterizing the Mavi Marmara incident after effects it explores how the legal system s ability to evade transparency seems to be a built in condition for eluding criminal accountability at the international level with the

emphasis on extraterritoriality's fundamental role in fashioning our current legal and political orders

**Magic and Magicians in the Middle Ages and the Early Modern Time** Albrecht Classen, 2017-10-23 There are no clear demarcation lines between magic astrology necromancy medicine and even sciences in the pre modern world Under the umbrella term magic the contributors to this volume examine a wide range of texts both literary and religious both medical and philosophical in which the topic is discussed from many different perspectives The fundamental concerns address issue such as how people perceived magic whether they accepted it and utilized it for their own purposes and what impact magic might have had on the mental structures of that time While some papers examine the specific appearance of magicians in literary texts others analyze the practical application of magic in medical contexts In addition this volume includes studies that deal with the rise of the witch craze in the late fifteenth century and then also investigate whether the Weberian notion of disenchantment pertaining to the modern world can be maintained Magic is oddly but significantly still around us and exerts its influence Focusing on magic in the medieval world thus helps us to shed light on human culture at large

**Reel Gender** Sa'ed Atshan, Katharina Galor, 2022-10-20 Reel Gender is a groundbreaking collection that addresses the collective realities and the filmic representations of Palestinian and Israeli societies The eight essays by leading scholars demonstrate how Palestinian and Israeli film production despite obvious overlaps and similarities and while keeping in mind the inherent asymmetry of power dynamics are at the forefront of engaging gender and sexuality The scholars of this volume construct and deconstruct still and moving images characters and stories that create an entanglement of Palestinian and Israeli cinema Together they portray the region's diverse but unexpectedly intermingled ethnic religious and national communities framed or countered by various societal norms laws and expectations while also defined by colonial realities The essays draw methodologically from the fields of media and cultural studies critical and postcolonial theory feminism post feminism and queer theory

**Arab Cultural Studies** Anastasia Valassopoulos, 2013-09-13 This book seeks to both showcase and further develop innovative research and debates on contemporary Arab cultural production Popular culture in the form of cinema popular music literature visual media and cyber cultures both local and imported enjoy a central role in Arab cultural life and the contributors to this innovative collection showcase the tremendous cultural output emerging from the Arab world They present sensitive conceptual readings whilst remaining mindful of the place of this work within a wider framework that seeks to prevent isolationist readings of cultural phenomena Making sense of the place of culture in the Arab world and agreeing upon a broadly recognisable and commonly accepted set of terms within which to discuss this output is a new and urgent challenge Arab Cultural Studies aspires to understand communicate and theorise these forms This book was originally published as a special issue of the Journal for Cultural Research

**Anti-Social Media** Kevin Foster, 2021-08-31 Over the past decade the gravitational centre of contemporary conflict has shifted from the physical battlefield to the online battlespace where the ingenuity of non state actors has vexed governments and tested their militaries Devising new

architectures of participation Al Qaeda and ISIS have weaponised social media and empowered their dispersed followers to organise communicate and dominate the information domain Kevin Foster shows how conventional militaries in the US Britain Israel and Australia have responded to this challenge by integrating social media into their systems and operations and the organisational and cultural impediments they have confronted Foster traces each military's social media journey appraising the strategies doctrine and policies developed to regulate its management and use From the ADFA Skype sex scandal to the IDF's sophisticated integration of the real and virtual spaces of war Anti Social Media examines the good the bad and the indifferent in the armed forces halting advance towards social media competence **Yalomstein v.**

**Yalomstein, 190 MICH 615 (1916)** ,1916 84 Jewish-Muslim Interactions Samuel Sami Everett,Rebekah Vince,2020 This volume analyses Jewish Muslim interactions across North Africa and France in the 20th and 21st centuries through an examination of performance culture across the genres of theatre music film art and stand up We explore influence and cooperation between Jewish and Muslim performers from Algeria Tunisia Morocco and diaspora communities in France

**The Archaeology of Religion** Sharon R. Steadman,2023-12-06 The new and updated edition of The Archaeology of Religion explores how archaeology interprets past religions offering insights into how archaeologists seek out the religious ritual and symbolic meaning behind what they discover in their research The book includes case studies from around the world from the study of Upper Palaeolithic and hunter gatherer religions to religious structures and practices in complex societies of the Americas Mesopotamia Egypt India and China Steadman also includes chapters on the origins and development of key contemporary religions Judaism Christianity Islam among others to provide an historical and comparative context Three main themes are threaded throughout the book These main themes involve the intersection between cultural and religious structures religion reflects culture including the importance of environment in shaping a culture's religion the role religion can sometimes play as a method of social control and the role religion can sometimes play as a key component in revitalizing a culture Updated with new discoveries and theories and with two new chapters Hunter Gatherer Religions and Cultures in East Asia and with new sections on Neolithic Western Asia the book remains an ideal introduction for courses that include a significant component on past cultures and their religions A Goddess in Motion Roger Canals,2017-08-01

The current practice of the cult of Mar a Lionza is one of the most important and yet unexplored religious practices in Venezuela Based on long term fieldwork this book explores the role of images and visual culture within the cult By adopting a relational approach A Goddess in Motion shows how the innumerable images of this goddess represented as an Indian white or mestizo woman move constantly from objects to bodies from bodies to dreams and from the religion domain to the art world In short this book is a fascinating study that sheds light on the role of visual creativity in contemporary religious manifestations **Modernity, Minority, and the Public Sphere** ,2016-07-18 Modernity Minority and the Public Sphere Jews and Christians in the Middle East explores the many facets associated with the questions of modernity and minority in

the context of religious communities in the Middle East by focusing on inter communal dialogues and identity construction among the Jewish and Christian communities of the Middle East and paying special attention to the concept of space This volume draws examples of these issues from experiences in the public sphere such as education public performance and political engagement discussing how religious communities were perceived and how they perceived themselves Based on the conference proceedings from the 2013 conference at Leiden University entitled Common Ground Changing Interpretations of Public Space in the Middle East among Jews Christians and Muslims in the 19th and 20th Century this volume presents a variety of cases of minority engagement in Middle Eastern society With contributions by T Baarda A Boum S R Goldstein Sabbah A Massot H M ller Sommerfeld H L Murre van den Berg L Robson K Sanchez Summerer A Schlaepfer D Schroeter and Y Wallach

**Magic** Owen Davies,2012-01-26 Defining magic is a maddening task Over the last century numerous philosophers anthropologists historians and theologians have attempted to pin down its essential meaning sometimes analysing it in such complex and abstruse depth that it all but loses its sense altogether For this reason many people often shy away from providing a detailed definition assuming it is generally understood as the human control of supernatural forces Magic continues to pervade the popular imagination and idiom People feel comfortable with its contemporary multiple meanings unaware of the controversy conflict and debate its definition has caused over two and a half millennia In common usage today magic is uttered in reference to the supernatural superstition illusion trickery religious miracles fantasies and as a simple superlative The literary confection known as magical realism has considerable appeal and many modern scientists have ironically incorporated the word into their vocabulary with their magic acid magic bullets and magic angles Since the so called European Enlightenment magic has often been seen as a marker of primitivism of a benighted earlier stage of human development Yet across the modern globalized world hundreds of millions continue to resort to magic and also to fear it Magic provides explanations and remedies for those living in extreme poverty and without access to alternatives In the industrial West with its state welfare systems religious fundamentalists decry the continued moral threat posed by magic Under the guise of neo Paganism its practice has become a religion in itself Magic continues to be a truly global issue This Very Short Introduction does not attempt to provide a concluding definition of magic it is beyond simple definition Instead it explores the many ways in which magic as an idea and a practice has been understood and employed over the millennia

**Beyond Dystopia!** James Lukasavage,2019-09-29 Beyond Dystopia is a criticism of life in our current time the postmodern Anthropocene and what I am seeking is nothing less than humanity s apotheosis or as Voltaire s Candide had it le meilleur des mondes possibles which does not have to be a world without humans only one with a limited number of

humans doing less      **Witchcraft Accusations and Persecutions as a Mechanism for the Marginalisation of Women**  
Samantha Spence, 2017-08-21 This book draws on feminist commentary from the disciplines of anthropology history law politics and sociology in order to deal with the phenomenon of modern day witchcraft It focuses on the re emergence of witchcraft beliefs in contemporary society suggesting that witchcraft accusations and persecution are being used as a marginalisation mechanism of women The re emergence of witchcraft beliefs in contemporary society and the prevalence of the violence associated with such beliefs has received little attention within academic literature yet witchcraft related violence against women is progressively becoming one of the most pervasive forms of violence facing women today This book addresses this gap in the literature discussing the return of witchcraft beliefs to contemporary society whilst assessing the effectiveness of international human rights law in protecting women from witchcraft accusations and persecution
