experience in India they portray the capitalists and bureaucrats who control the cellular infrastructure and wrestle over bandwidth rights the marketers and technicians who bring mobile phones to the masses and the often poor village bound users who adapt these addictive and sometimes troublesome devices to their daily lives Examining the challenges cell phones pose to a hierarchy bound country the authors argue that in India where caste and gender restrictions have defined power for generations the disruptive potential of mobile phones is even greater than elsewhere The Great Indian Phone Book is a rigorously researched multidimensional tale of what can happen when a powerful and readily available technology is placed in the hands of a large still predominantly poor population

License to Spill Rachel Plotnick, 2025-04-29 How everyday wetness from finger smudges sweat and spilled drinks to showering and swimming collides with consumers media devices designed to stay dry License to Spill investigates the everyday moments activities and spaces where media technologies and liquids collide from disastrous spilled drinks that corrode laptops and drops in the toilet that drown smartphones to the greasy finger smudges and sweat droplets that sully screens and glitch smartwatches Putting historical and present day case studies in conversation Rachel Plotnick considers how people's experiences with media devices inevitably encounter wetness and yet consumers not the companies who make the devices take the blame when leaks spillages and overflows occur Along with thinking about preventive measures and device caretaking License to Spill examines how water resistant and waterproofed technologies through their design and marketing imagine the brawniest and hardest of users meant to punish and abuse their tough devices granting them unfettered permission to get wet Examining a long history of torture testing and hyperbolic claims of imperviousness the book demonstrates how protective designs relate to broader cultural ideas about media use as sporty luxurious excessive or messy This context is especially relevant given that the market for water resistant bags cases coatings and seals has flourished over the past decade with new rhetoric about wetness as natural and digital technologies as ever present The book pushes us to attend to both the ideals and problems that arise when designing resilient devices ranging from the right to repair movement and lawsuits over ingress protection IP ratings to obsolescence culture and work from home activities in the wake of the COVID 19 pandemic

Village Phone Replication Manual David Keogh, Tim Wood, United Nations ICT Task Force, 2005 Why is it such a challenge to provide telecommunications to rural areas High initial infrastructure investment relative low call volumes high maintenance costs due to harsh environments cash box collection needs cash security costs for coin operated phones card availability for prepaid airtime systems technical illiteracy remote locations and high transportation costs are just some of the impediments to providing rural telecommunications access This manual is based on the experiences of the Village Phone Programmes in Bangladesh and Uganda In rural villages where no telecommunications services have previously existed the programme provides cellular phones via a sustainable financing mechanism to poor entrepreneurs who use the phone to operate a business Such has been the success that over 2 000 village phone businesses are now operating in remote villages of Uganda This manual is a

guideline for replicating the programme in a new country It establishes a template for creating sustainable initiatives that bring telecommunications to the poor create viable new businesses for micro entrepreneurs and expand the customer base for telecommunications companies **I-Docs** Judith Aston,Sandra Gaudenzi,Mandy Rose,2017-02-28 The history of documentary has been one of adaptation and change as docu mentarists have harnessed the affordances of emerging technology In the last decade interactive documentaries i docs have become established as a new field of practice within non fiction storytelling Their various incarnations are now a focus at leading film festivals IDFA DocLab Tribeca Storyscapes Sheffield DocFest major international awards have been won and they are increasingly the subject of academic study This anthology looks at the creative practices purposes and ethics that lie behind these emergent forms Expert contributions case studies and interviews with major figures in the field address the production processes that lie behind interactive documentary as well as the political cultural and geographic contexts in which they are emerging and the media ecology that supports them Taking a broad view of interactive documentary as any work which engages with the real by employing digital interactive technology this volume addresses a range of platforms and environments from web docs and virtual reality to mobile media and live performance It thus explores the challenges that face interactive documentary practitioners and scholars and proposes new ways of producing and engaging with interactive factual content **Disruptive Technologies, Innovation and Global Redesign: Emerging Implications** Ekekwe, Ndubuisi,Islam, Nazrul,2012-02-29 This book provides case studies as well as practical and theoretical chapters on the issues surrounding disruptive technologies innovation and global redesign Provided by publisher **Plunkett's Telecommunications Industry Almanac 2007** Jack W.
