

School Uniforms Persuasive Essay

In public and private schools, students are constantly being judged on what they wear and how they look. These judgments influence students to pick on others and induce bullying. If schools make uniforms mandatory, this cause of bullying would be eliminated, thus reducing the number of bullying incidents. Therefore, school uniforms should be required for all students because they will reduce bullying, relieve stress and make school a safer place. People are judged on what they say, where they go, and what they believe, but the main form of judgment is due to appearance.

With one look, we make inferences on the economic status and background of other people. It is no secret that less fortunate people generally do not have as nice clothing as those who are wealthy. But is the difference in one's clothing a worthy reason for them to be treated differently? The answer is no, yet it still occurs each and every day for students who are without uniforms. Children should not be treated differently just because their parents are unable to buy them trendier clothes.

With the implementation of school uniforms, students can focus more on learning and building social connections based on interests and beliefs and not their societal status. School uniforms are the most effective way to eliminate social and economic differences among students. Because society is incredibly materialistic and money is a power issue, the judgments that are made on how someone appears become a main cause of bullying. Mandatory school uniforms would eliminate this problem and allow students to be judged on personality, not just what they wear.

Bullying in general is malevolent; it is not only an unnecessary barrier to learning, but has the potential to make students' lives unbearable. This sort of torment may not be terminated, but it would surely be reduced with mandatory uniforms. With the new HIB (harassment, intimidation and bullying) laws that Governor Chris Christie passed in New Jersey, and the studies that signify the increased number of bullying incidents within the past few years, bullying has become a larger problem than ever.

Along with bullying, theft and gang activity can be reduced by wearing uniforms. In many areas, gangs are identified and encouraged through their clothing. Without the knowledge of who is in what gang, violence will be reduced and the school will be safer. If society insists on doing everything it can to prevent the mistreatment of other students, school uniforms should be made mandatory. There are other benefits of wearing uniforms as well.

First, students' lives would be much easier and less stressful. A great amount of time is usually spent on choosing and worrying about outfits. If students were refunded this time, they could have more time for other daily requirements such as homework. Some students,
