1. Some students have a background, identity, interest, or talent that is so meaningful they believe their application would be incomplete without it. If this sounds like you, then please share your story.

Fitness is what defines me the best. Weight lifting, training, and trying to get better than the day before is what I love. In November 14th of 2015 as a puny 5' 6" Sophomore that weighed 145 pounds, and I made it routine to go to the gym 5 to 6 times a week. I strived to break new goals, smash my records, and become more physically and mentally stronger. Over the near 2 years, my body has drastically changed physically as well as mentally. I became more fit and athletic, and my mindset improved to where I don't give up on activities and opportunities. Working out has helped me with football by running harder, being stronger, and being quicker with my feet. Last year I broke my leg very badly during football. A complete Tibia Fibula fracture stopped my fitness career dead in its tracks. I wouldn't let this stop me from doing what I love, so I was going to the gym on crutches and doing as much as I could. I would walk on my foot to get it better as fast as possible even if it hurt because I wasn't giving up on the thing that described me. I was fully healed from my fracture 4 months after getting a titanium rod placed in my leg. The doctors said it'd be at least 8 months to fully heal, but I didn't take that and give up. 5 months after my operation, I lifted the most I have ever lifted on the parallel squat by over 70+ pounds. The mentality of not giving up and getting better is what made my recovery so amazing. If there is one quality of me that you would know it's that lifting and going to the gym is my favorite thing to do during time I have to myself. Testing my body's limits and pushing new goals are the thrills of it. I feel I must put this in my application because this is who I am and the lifestyle I chose. I will continue going to the gym and bettering myself for as long as I am physically able to.

The Journey of an Immigrant Khetam Dahi,2012 Khetam Dahi captures the often ignored voices and painful experiences of Syrian migrant children and families In a simple yet honest and powerful prose Dahi through the eyes a child turning adolescent narrates the everyday existence of immigrant and working class families Although the family faced extreme hardships and poverty their love for each other and determination to succeed served as a catalyst to infuse them with optimism and a love for life Her inspirational journey of breaking through despite all obstacles certainly lets readers vicariously experience her joy and sorrow regrets and hopes Dahi s artfully weaved narratives provide young adult learners an opportunity to become personally enmeshed in her stories but most importantly it creates a space where students can feel free to relate relive and learn The simple language makes this book an excellent choice for reluctant readers and ESL students especially because the author includes many exercises to give students the opportunity to share their own experiences and identify with the characters in her stories *Building Academic Language* Jeff Zwiers,2013-02-20 Many

students ranging from native English speakers to recent immigrants need help in understanding and using the language of school. Language is the lifeblood of learning in all content areas and it plays a major role in academic achievement. Building Academic Language explains the functions and features of academic language that every teacher, language arts, history, math, science teachers, etc. should know for supporting academic reading, writing, and discussion. The book includes research-based instructional and assessment activities that content teachers can use to build students' abilities to understand and describe the many abstract concepts, higher-order thinking skills, and complex relationships in a discipline. The book emphasizes an approach that builds from students' existing ways of learning and communicating, scaffolding them to think and talk as content area experts think and talk about math, science, history, and language arts. Major topics and themes include: What is academic language and how does it differ by content area? How can language building activities, discussions, small groups, etc. support content understanding? How can we build language abilities for content reading and writing, and vice versa? How can we build on students' diverse ways of understanding, learning, and communicating about the world? How can we more effectively model and scaffold academic language in our teaching and assessment?
