greater While Peter sleeps in the chilling darkness his friends are gathered in a small warm room their voices rising together in earnest prayer They are asking for a miracle a rescue that seems beyond all hope Suddenly a light brighter than the midday sun explodes in Peter s cell chasing away every shadow An angel of the Lord stands before him and with a gentle touch the impossible begins to happen Chains fall away without a sound sleeping guards do not stir and a massive iron gate swings open all by itself Follow Peter on a heart pounding journey as he steps out of the darkness and into the moonlit streets of the city his mind reeling with wonder Is it a dream or is he truly free The adventure culminates in a joyful astonishing reunion that proves the power of faith and friendship Peter s Escape from Prison brings this incredible biblical account to life for young readers with vivid descriptions and rich sensory details Feel the cold rough stone of the prison walls see the brilliant warm light of the angel and taste the sweet air of freedom This captivating story will teach children about courage hope and the amazing truth that even in the darkest of nights a light is ready to shine **The Young People's**

Herald of Gospel Liberty Elias Smith,1909 **Primitive Methodist** ,1897 **Herald of Gospel Liberty** ,1909 House of Commons - Justice Committee: Older Prisoners - HC 89

Great Britain: Parliament: House of Commons: Justice Committee,2013-09-12 The number of older prisoners is now very high and is likely to remain so partly caused by the increase in convictions for historic sexual offences The growth of the older prison population and the severity of the needs of that population warrant a national strategy in order to provide for them effectively Older and disabled prisoners should no longer be held in institutions which cannot meet their basic needs nor should they be released back into the community without adequate support There are some excellent prison officers and charity workers who are providing essential social care but an ad hoc system means that too often older prisoners have to rely on the goodwill of officers and their fellow inmates to fulfill the most basic of care needs The responsibility to adapt the prison environment so that it suits less able prisoners lies with a prison s senior management team and the National Offender Management Service NOMS NOMS should conduct a comprehensive analysis of prisons physical compliance with disability discrimination and age equality laws The Committee does not believe there is a need for the expansion of segregated older prisoner units or wings However NOMS should ensure all prisons have an older prisoner policy that provides age and ability specific regimes Furthermore older prisoners who are released after a long period of incarceration must have a resettlement and care plan At present older prisoners are frequently released to no fixed abode undermining all work that has been made towards resettlement
