

Teacher Information Page

Student Packet:

This student packet can be printed and then revised if you do not have students write in the m.

Student Vocabulary:

Students can use the study guide to study vocabulary lists. I usually give students a few days after finishing the chapter before giving them the vocabulary test. When the book is finished, you can do a final test book reading activities before giving the final test.

Student Vocabulary Tests:

The vocabulary tests are not in the same order as the study guide. This ensures that students know the material vs. just memorizing letter names in order.

Student Answer Sheets:

Student answer sheets vary from those written in the answer packet. These sheets of paper are created to match the number of vocabulary sentences, questions, opinion responses, and chapter activities. Find the one that matches and print it off for easier grading.

If there is not enough room to answer the questions because student have begun handwriting or more to add, they can draw a star at the end of their writing, turn the paper over, draw a star and the number of the problem they are finishing, and finish answering their question. Or they can use a separate sheet of paper.

Order in Chapters:

Vocabulary Sentences	These are used for word from the book. The page number is available for the students to find them easily. ***Vocabulary sentences do not include "Key Language"
Questions	Students will find the answer for these in order throughout the chapter unless otherwise specified. Students should take answers from the book.
Opinion Responses	These are students' responses to the questions, however, they should answer it fully and thoughtfully. Not just one word answers.

Suggested Daily Orders:

- 1) Define vocabulary on study guide before reading each chapter.
- 2) Read questions for the chapter before reading so students know what they are listening for.
- 3) Read chapter aloud to students (may choose to have students read aloud to the class, as a group, or alone).
- 4) Explain chapter activities if anyone has questions students may have.
- 5) Students start working on home work on answer sheet.
