

# Service levels

Each vehicle has its own servicing cycle, defined by the manufacturer based upon the engine type.

This cycle consists of alternating three types of service **A**, **B** and **C**, depending on the vehicle, and a few additional operations; these correspond to key stages in the life of the vehicle.

| OPERATION                 | DESCRIPTION OF OPERATION                                                   | 1ST SERVICE | A   | LEVEL B | C | INTERMEDIATE   |
|---------------------------|----------------------------------------------------------------------------|-------------|-----|---------|---|----------------|
| DRAIN/REFILL              | Engine oil change                                                          | ●           | ●   | ●       | ● | ●              |
|                           | Bleeding of the fuel filter (diesel)                                       |             |     |         |   | ● 407 1.0L HDi |
| REPLACE                   | Oil filter                                                                 |             | ●   | ●       | ● |                |
|                           | Petrol filter (according to engine)                                        |             |     | ●       | ● |                |
|                           | Diesel element or filter (according to engine)                             |             |     | ●       | ● |                |
|                           | Air filter element                                                         |             |     | ●       | ● |                |
|                           | Spark plugs (petrol)                                                       |             | HPI | ●       | ● |                |
| LEVEL<br>(check + top-up) | Engine oil                                                                 | ●           | ●   | ●       | ● | ●              |
