Holsapple, 2008-01-22 Decision support systems have experienced a marked increase in attention and importance over the past 25 years The aim of this book is to survey the decision support system DSS field covering both developed territory and emergent frontiers It will give the reader a clear understanding of fundamental DSS concepts methods technologies trends and issues It will serve as a basic reference work for DSS research practice and instruction To achieve these goals the book has been designed according to a ten part structure divided in two volumes with chapters authored by well known well versed scholars and practitioners from the DSS community **Building Enterprise Ready Telephony Systems with SipXecs 4. 0** Michael W. Picher, 2009-07-23 Leveraging open source VOIP for a rock solid communications system Adaptive Audio and Video Processing for Electronic Chalkboard Lectures Gerald Friedland, 2006 This doctoral dissertation in computer science describes how traditional chalk and talk lectures can be transmitted over the web while maximizing the quality and minimizing the amount of extra effort The book presents a comprehensive discussion on many technological and human centered issues using the example of the software system E Chalk that was co developed by the author As a by product the work includes a detailed description of the so called Simple Interactive Object Extration SIOX algorithm that has recently been integrated in several open source image manipulation programs such as GIMP Inkscape and Blender Teleneurology in Practice Jack W. Tsao, Bart M. Demaerschalk, 2015-06-09 This title will provide an up to date review of the emerging practice of neurology telemedicine Increasingly neurology like other disciplines of medicine is implementing the technological advances and discoveries of the science of healthcare delivery to improve not only access and efficiency but outcomes and cost as well For patients in remote and underserved areas having a neurological condition means lengthy and costly travel to obtain specialist evaluation Telemedicine has the ability to deliver such care to a patient's local community Neurology telemedicine for acute stroke has already demonstrated clinical efficacy and cost effectiveness by raising the numbers of thrombolysis eligible patients who can be treated in a timely fashion More than 85% of leading US neurology departments currently use or plan to implement telemedicine within the next year The US military has a limited number of neurologists a store and forward consultation system has enabled military neurologists to deliver far forward battlefield care for service members deployed overseas The chapters in this book will review the use of telemedicine for the evaluation and treatment of patients with many common neurological conditions and will provide a practical guide for neurologists seeking to incorporate telemedicine into

their daily practices *Asterisk: The Definitive Guide* Russell Bryant, Leif Madsen, Jim Van Meggelen, 2013-05-10 Design a complete Voice over IP VoIP or traditional PBX system with Asterisk even if you have only basic telecommunications knowledge This bestselling guide makes it easy with a detailed roadmap that shows you how to install and configure this open source software whether you're upgrading your existing phone system or starting from scratch Ideal for Linux administrators developers and power users this updated edition shows you how to write a basic dialplan step by step and brings you up to speed on the features in Asterisk 11 the latest long term support release from Digium You'll quickly gain working knowledge to build a simple yet inclusive system Integrate Asterisk with analog VoIP and digital telephony systems Build an interactive dialplan using best practices for more advanced features Delve into voicemail options such as storing messages in a database Connect to external services including Google Talk XMPP and calendars Incorporate Asterisk features and functions into a relational database to facilitate information sharing Learn how to use Asterisk's security call routing and faxing features Monitor and control your system with the Asterisk Manager Interface AMI Plan for expansion by learning tools for building distributed systems **Grid Technologies** M. P. Bekakos, George A. Gravvanis, Hamid Arabnia, 2006 Grid computing denotes an approach to utilize distributed resources that are not subject to centralized control This approach fulfills computing requirements arising within the context of current high performance computing applications especially in the field of computational science and engineering This idea is analogous to an electric power network grid where power generators are distributed but the users are able to access electric power without bothering about the source of energy and its location Current grid enabling technologies consist of stand alone architectures A typical architecture provides middleware access to various services at different hierarchical levels Computational grids enable the sharing selection and aggregation of a wide variety of geographically distributed computational resources such as supercomputers clusters of computers storage systems data sources instruments people etc and present them as a single unified resource for solving large scale computations and data intensive computing applications e.g. molecular modeling for drug design brain activity analysis high energy physics etc Grid computing is a new emerging research area aiming to promote the development and advancement of technologies that provide seamless and scalable access to wide area distributed resources

Mastering Microsoft Lync Server 2010 Nathan Winters, Keith Hanna, 2012-01-10 An in depth guide on the leading Unified Communications platform Microsoft Lync Server 2010 maximizes communication capabilities in the workplace like no other Unified Communications UC solution Written by experts who know Lync Server inside and out this comprehensive guide shows you step by step how to administer the newest and most robust version of Lync Server Along with clear and detailed instructions learning is aided by exercise problems and real world examples of established Lync Server environments You'll gain the skills you need to effectively deploy Lync Server 2010 and be on your way to gaining all the benefits UC has to offer Gets you up and running with Lync Server whether you are migrating from Office Communications

Server or new to Lync Server Walks you through all of the essential stages for deploying Lync Server Shows integration with Microsoft Exchange Server and Microsoft SharePoint Server Demonstrates how to monitor diagnose and troubleshoot problems more efficiently Mastering Lync Server 2010 is a must have resource for anyone looking to manage all the various forms of communication from one user interface *Exploring the New Era of Technology-Infused Education* Tomei, Lawrence, 2016-11-17 Recent advancements in technology have led to significant improvements and developments within learning environments When utilized properly these innovations can serve as a valuable resource for educators and students Exploring the New Era of Technology Infused Education is a pivotal reference source for the latest scholarly research on the implementation of emerging technologies in contemporary classroom settings Highlighting theoretical foundations empirical case studies and curriculum development strategies this book is ideally designed for researchers practitioners educators and academics actively involved in teaching and learning environments **Network World** , 2002-01-21 For more than 20 years Network World has been the premier provider of information intelligence and insight for network and IT executives responsible for the digital nervous systems of large organizations Readers are responsible for designing implementing and managing the voice data and video systems their companies use to support everything from business critical applications to employee collaboration and electronic commerce **Telerehabilitation** Sajeesh Kumar, Ellen R.
