

I tried to block the inane chatter out of my head before the petty and the trivial could drive me mad.

"Jessica Stanley is giving the new Swan girl all the dirty laundry on the Cullen clan," I murmured to Emmett as a distraction.

He chuckled under his breath. *I hope she's making it good*, he thought.

"Rather unimaginative, actually. Just the barest hint of scandal. Not an ounce of horror. I'm a little disappointed."

*And the new girl? Is she disappointed in the gossip as well?*

I listened to hear what this new girl, Bella, thought of Jessica's story. What did she see when she looked at the strange, chalky-skinned family that was universally avoided?

It was sort of my responsibility to know her reaction. I acted as a lookout, for lack of a better word, for my family. To protect us. If anyone ever grew suspicious, I could give us early warning and an easy retreat. It happened occasionally—some human with an active imagination would see in us the characters of a book or a movie. Usually they got it wrong, but it was better to move on somewhere new than to risk scrutiny. Very, very rarely, someone would guess right. We didn't give them a chance to test their hypothesis. We simply disappeared, to become no more than a frightening memory...

I heard nothing, though I listened close beside where Jessica's frivolous internal monologue continued to gush. It was as if there was no one sitting beside her. How peculiar, had the girl moved? That didn't seem likely, as Jessica was still babbling to her. I looked up to check, feeling off-balance. Checking on what my extra 'hearing' could tell me—it wasn't something I ever had to do.

Again, my gaze locked on those same wide brown eyes. She was sitting right where she had been before, and looking at us, a natural thing to be doing, I supposed, as Jessica was still regaling her with the local gossip about the Cullens.

Thinking about us, too, would be natural.

But I couldn't hear a whisper.

Inviting warm red stained her cheeks as she looked down, away from the embarrassing gaffe of getting caught staring at a stranger. It was good that Jasper was still gazing out the window. I didn't like to imagine what that easy pooling of blood would do to his control.

The emotions had been as clear on her face as if they were spelled out in words across her forehead: surprise, as she unknowingly absorbed the signs of the subtle differences between her kind and mine, curiosity, as she listened to Jessica's tale, and something more... fascination? It wouldn't be the first time. We were beautiful to them, our intended prey. Then, finally, embarrassment as I caught her staring at me.

And yet, though her thoughts had been so clear in her odd eyes—odd, because of the depth to them; brown eyes often seemed flat in their darkness—I could hear nothing but silence from the place she was sitting. Nothing at all.

I felt a moment of unease.

This was nothing I'd ever encountered before. Was there something wrong with me? I felt exactly the same as I always did. Worried, I listened harder.

All the voices I'd been blocking were suddenly shouting in my head.

*...wonder what music she likes...maybe I could mention that new CD... Mike Newton was thinking, two tables away—fixated on Bella Swan.*

Day, 2013-07 By examining the novels of critically and commercially successful authors such as Sarah Dessen Someone Like You Stephenie Meyer the Twilight series and Laurie Halse Anderson Speak Reading Like a Girl Narrative Intimacy in Contemporary American Young Adult Literature explores the use of narrative intimacy as a means of reflecting and reinforcing larger often contradictory cultural expectations regarding adolescent women interpersonal relationships and intimacy Reading Like a Girl explains the construction of narrator reader relationships in recent American novels written about adolescent women and marketed to adolescent women Sara K Day explains though that such levels of imagined friendship lead to contradictory cultural expectations for the young women so deeply obsessed with reading these novels Day coins the term narrative intimacy to refer to the implicit relationship between narrator and reader that depends on an

imaginary disclosure and trust between the story's narrator and the reader. Through critical examination the inherent contradictions between this enclosed imagined relationship and the real expectations for adolescent women's relations prove to be problematic. In many novels for young women adolescent female narrators construct conceptions of the adolescent woman reader constructions that allow the narrator to understand the reader as a confidant a safe and appropriate location for disclosure. At the same time such novels offer frequent warnings against the sort of unfettered confession the narrators perform. Friendships are marked as potential sites of betrayal and rejection. Romantic relationships are presented as inherently threatening to physical and emotional health. And so the narrator turns to the reader for an ally who cannot judge. The reader in turn may come to depend upon narrative intimacy in order to vicariously explore her own understanding of human expression and bonds.
