

The Variety of Maps

(by David Smith)

Many maps are designed to show a specific piece of information, such as a map of the United States showing the location of the capital cities of each state. Other maps are designed to show a specific piece of information, such as a map of the United States showing the location of the capital cities of each state. Other maps are designed to show a specific piece of information, such as a map of the United States showing the location of the capital cities of each state.

The variety of maps is vast, and each map is designed to show a specific piece of information.
