

The background of the slide is a photograph of a sunset or sunrise over a body of water. In the foreground, the dark silhouette of a cliff rises from the right side. On the cliff, there is a small, white, classical-style building with a pediment and columns. A tall palm tree stands next to the building. The sky is a gradient of orange and yellow, with a few small, dark spots visible in the distance.

Sometimes, fiction tells a
truth that history cannot.

The Nature of the Corporation as a Legal Entity James Treat Carter, 1919 *Becoming Alive* Ryan Lamothe, 2005-05-01 What does it mean to be and feel alive and real How do we become and be alive together Human beings are uniquely concerned with the question and marvel of what it means to feel alive and real as well as the lifelong struggle of being alive together *Becoming Alive* proffers a psychoanalytic theory of experiences of being alive acknowledging that analyst and patient indeed each of us are caught up in the larger drama and mystery of being alive Focusing on the challenge in any psychoanalytic theory to demonstrate the relation between culture community and the individual LaMothe s theory provides a bridge between the three arguing that organizations of experiences of being alive are inextricably yoked to cultural stories rituals and practices Enlivened by clinical illustrations and examples drawn from wider culture *Becoming Alive* brings together psychoanalytic developmental perspectives infant parent research semiotics and philosophy in providing a comprehensive lucid and systematic description of subjective and

intersubjective experiences of being alive The Fictional Christopher Nolan Todd McGowan, 2012-09-01 This analysis of the role of fiction in the films of Christopher Nolan is unassumingly brilliant and surgically incisive Psychoanalysis Culture and Society From Memento and Insomnia to the Batman films The Prestige and Inception lies play a central role in every Christopher Nolan film Characters in the films constantly find themselves deceived by others and are often caught up in a vast web of deceit that transcends any individual lies The formal structure of a typical Nolan film deceives spectators about the events that occur and the motivations of the characters While Nolan's films do not abandon the idea of truth altogether they show us how truth must emerge out of the lie if it is not to lead us entirely astray The Fictional Christopher Nolan discovers in Nolan's films an exploration of the role that fiction plays in leading to truth Through close readings of all the films through Inception Todd McGowan demonstrates that the fiction or the lie comes before the truth and this priority forces us to reassess our ways of thinking about the nature of truth Indeed McGowan argues that Nolan's films reveal the ethical and political importance of creating fictions and even of lying Nolan is the first filmmaker to devote himself entirely to the fictionality of the medium and McGowan discloses how Nolan uses its tendency to deceive as the basis for a new kind of philosophical filmmaking aligning Nolan's films with Hegel's philosophy The most important work to date on Christopher Nolan A thrill to read Hugh S Manon Associate Professor and Director of Screen Studies Clark University Imaginative Methodologies in the Social Sciences Dr Kieran Keohane, 2014-04-28 Challenging the mainstream orthodoxy of social scientific methodology which closely guards the boundaries between the social sciences and the arts and humanities this volume reveals that authors and artists are often engaged in projects parallel to those of the social sciences and vice versa thus demonstrating that artistic and cultural production does not necessarily constitute a specialist field but is in fact integral to social reality *The ^AOxford Handbook of Philosophy and Literature* Richard Eldridge, 2009-03-27 This volume contains twenty three newly commissioned essays by major philosophers and literary scholars that investigate literature as a form of attention to human life Various forms of attention are considered under the headings of Genres Periods Devices and Powers and Contexts and Uses Indian Philosophy of Religion R.W. Perrett, 2012-12-06 With a few notable exceptions analytical philosophy of religion in the West still continues to focus almost entirely on the Judaeo Christian tradition In particular it is all too customary to ignore the rich fund of concepts and arguments supplied by the Indian religious tradition This is a pity for it gratuitously impoverishes the scope of much contemporary philosophy of religion and precludes the attainment of any insights into Indian religions comparable to those that the clarity and rigour of analytic philosophy has made possible for the Judaeo Christian tradition This volume seeks to redress the imbalance The original idea was to invite a number of Indian and Western philosophers to contribute essays treating of Indian religious concepts in the style of contemporary analytical philosophy of religion No further restriction was placed upon the contributors and the resulting essays all previously unpublished exhibit a diversity of themes and approaches Many arrangements of the material herein are doubtless defensible

The rationale for the one that has been adopted is perhaps best presented through some introductory remarks about the essays themselves Teaching Religion and Film Gregory J Watkins,2008-08-22 In a culture increasingly focused on visual media students have learned not only to embrace multimedia presentations in the classroom but to expect them Such expectations are perhaps more prevalent in a field as dynamic and cross disciplinary as religious studies but the practice nevertheless poses some difficult educational issues the use of movies in academic coursework has far outpaced the scholarship on teaching religion and film What does it mean to utilize film in religious studies and what are the best ways to do it In Teaching Religion and Film an interdisciplinary team of scholars thinks about the theoretical and pedagogical concerns involved with the intersection of film and religion in the classroom They examine the use of film to teach specific religious traditions religious theories and perspectives on fundamental human values Some instructors already teach some version of a film and religion course and many have integrated film as an ancillary to achieving central course goals This collection of essays helps them understand the field better and draws the sharp distinction between merely watching movies in the classroom and comprehending film in an informed and critical way **After the Reality** Hiromi Yoshii

Literal Figures Thomas H. Luxon,1995-04-15 Literal Figures is the most important work on John Bunyan to appear in many years and a significant contribution to the history and theory of representation Beginning with mainstream Puritan responses to a challenge to orthodoxy a man who claims he has been literally transformed into Christ and his companion who claims to be the Spouse of Christ and concluding with an analysis of The Pilgrim s Progress which John Bunyan described as a fall into Allegory Thomas Luxon presents detailed analyses of key moments in the Reformation crisis of representation Why did Puritan Christianity repeatedly turn to allegorical forms of representation in spite of its own intolerance of Allegorical fancies Luxon demonstrates that Protestant doctrine itself was a kind of allegory in hiding one that enabled Puritans to forge a figural view of reality while championing the literal and the historical He argues that for Puritanism to survive its own literalistic anti symbolic and millenarian challenges a fall back into allegory was inevitable Representative of this fall The Pilgrim s Progress marks the culminating moment at which the Reformation s war against allegory turns upon itself An essential work for understanding both the history and theory of representation and the work of John Bunyan Literal Figures
