Odds Against Tomorrow A Novel

**Debra J. Rosenthal, Jason de Lara
Molesky**

Odds Against Tomorrow A Novel:

Odds Against Tomorrow Nathaniel Rich, 2013-04-02 NEW YORK CITY the near future Mitchell Zukor a gifted young mathematician is hired by a mysterious new financial consulting firm FutureWorld The business operates out of a cavernous office in the Empire State Building Mitchell is employee number two He is asked to calculate worst case scenarios in the most intricate detail and his schemes are sold to corporations to indemnify them against any future disasters This is the cutting edge of corporate irresponsibility and business is booming As Mitchell immerses himself in the mathematics of catastrophe ecological collapse global war natural disasters he becomes obsessed by a culture s fears Yet he also loses touch with his last connection to reality Elsa Bruner a friend with her own apocalyptic secret who has started a commune in Maine Then just as Mitchell s predictions reach a nightmarish crescendo an actual worst case scenario overtakes Manhattan Mitchell realizes he is uniquely prepared to profit But at what cost At once an all too plausible literary thriller an unexpected love story and a philosophically searching inquiry into the nature of fear Nathaniel Rich s *Odds Against Tomorrow* poses the ultimate questions of imagination and civilization The future is not quite what it used to be An NPR Best Book of 2013

Odds Against Tomorrow William P. McGivern, 1988 Earl Slater an unemployed army veteran with a dim future ahead of him is offered a job that could mean gaining a large sum of money and several years in prison **Odds Against Tomorrow** Abraham Polonsky, 1999 One of the finest examples of screenwriting at its most provocative and passionate this edition of *Odds Against Tomorrow* belongs in the library of every serious film lover and student of the American experience **Odds Against Tomorrow** Judy Turner, Cindy Smith, 2003-11 Jessica Chandler and Blake Randall have a lot of unfinished business Jessica had once idolized Blake and when the opportunity came she had given herself to him shamelessly She tossed his duty bound proposal in his face After all she had her pride An automobile accident took the lives of her parents and caused her many months of physical therapy and grief counseling Although she was in a wheelchair her torn body was healing After several long years Blake was ending his self imposed exile He realized that time away did not diminish his intense desire for Jessica It did however ease the pain of her rejection Being away from his family had cost him more than he cared to admit and he longed for their close contact Little did Blake and Jessica know that an unexpected encounter would change the course of their lives

Cli-Fi and Class Debra J. Rosenthal, Jason de Lara Molesky, 2023-10-09 Since its emergence in the late twentieth century climate fiction or cli fi has concerned itself as much with economic injustice and popular revolt as with rising seas and soaring temperatures Indeed with its insistent focus on redressing social disparities cli fi might reasonably be classified as a form of protest literature As environmental crises escalate and inequality intensifies literary writers and scholars alike have increasingly scrutinized the dual exploitations of the earth s ecosystems and the socioeconomically disadvantaged *Cli Fi and Class* focuses on the representation of class dynamics in climate change narratives With fifteen essays on the intersection of the economic and the ecological addressing works ranging from the novels of Joseph Conrad

Cormac McCarthy and Octavia Butler to the film Black Panther and the Broadway musical Hadestown this collection unpacks the complex ways economic exploitation impacts planetary well being and the ways climatic change shapes those inequities in turn

My Song Harry Belafonte, Michael Shnayerson, 2011-10-11 Harry Belafonte is not just one of the greatest entertainers of our time he has led one of the great American lives of the last century Now this extraordinary icon tells us the story of that life giving us its full breadth letting us share in the struggles the tragedies and most of all the inspiring triumphs Belafonte grew up poverty ridden in Harlem and Jamaica His mother was a complex woman caring but withdrawn eternally angry and rarely satisfied His father was distant and physically abusive It was not an easy life but it instilled in young Harry the hard nosed toughness of the city and the resilient spirit of the Caribbean lifestyle It also gave him the drive to make good and channel his anger into actions that were positive and life affirming His journey led to the U S Navy during World War II where he encountered an onslaught of racism but also fell in love with the woman he eventually married After the war he moved back to Harlem where he drifted between odd jobs until he saw his first stage play and found the life he wanted to lead Theater opened up a whole new world one that was artistic and political and made him realize that not only did he have a need to express himself he had a lot to express He began as an actor and has always thought of himself as such but was quickly spotted in a musical began a tentative nightclub career and soon was on a meteoric rise to become one of the world's most popular singers Belafonte was never content to simply be an entertainer however Even at enormous personal cost he could not shy away from activism At first it was a question of personal dignity breaking down racial barriers that had never been broken before achieving an enduring popularity with both white and black audiences Then his activism broadened to a lifelong passionate involvement at the heart of the civil rights movement and countless other political and social causes The sections on the rise of the civil rights movement are perhaps the most moving in the book his close friendship with Martin Luther King Jr his role as a conduit between Dr King and the Kennedys his up close involvement with the demonstrations and awareness of the hatred and potential violence around him his devastation at Dr King's death and his continuing fight for what he believes is right But My Song is far more than the history of a movement It is a very personal look at the people in that movement and the world in which Belafonte has long moved He has befriended many beloved and important figures in both entertainment and politics Paul Robeson Eleanor Roosevelt Sidney Poitier John F Kennedy Marlon Brando Robert Kennedy Nelson Mandela Fidel Castro Tony Bennett Bill Clinton and writes about them with the same exceptional candor with which he reveals himself on every page This is a book that pulls no punches and turns both a loving and critical eye on our country's cultural past As both an artist and an activist Belafonte has touched countless lives With My Song he has found yet another way to entertain and inspire us It is an electrifying memoir from a remarkable man

The Near Future in Twenty-First-Century Fiction David Sergeant, 2022-12-22 A growing awareness of climate change and looming planetary crisis has put unprecedented pressure on the near future leading to an increasing amount of fiction being set there But what

do these disparate works have in common other than their temporal setting And what can the imagination of the near future tell us about where we live now The Near Future in 21st Century Fiction ranges across novels and films to reveal how our contemporary near future splits between two divergent paths One seeks to retreat from climate change and the disruption it threatens to affluent lifestyles the other tries to imagine new forms of community and radical change but struggles to locate a genre adequate to the task It is in this struggle however that we begin to glimpse the outlines of an emergent near future form a revolution fit for the Anthropocene

Climate Crisis and the 21st-Century British Novel Astrid Bracke, 2017-11-02
This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com The challenge of rapid climate change is forcing us to rethink traditional attitudes to nature This book is the first study to chart these changing attitudes in 21st century British fiction Climate Crisis and the 21st Century British Novel examines twelve works that reflect growing cultural awareness of climate crisis and participate in the reshaping of the stories that surround it Central to this renegotiation are four narratives environmental collapse pastoral urban and polar Bringing ecocriticism into dialogue with narratology and a new body of contemporary writing Astrid Bracke explores a wide range of texts from Zadie Smith's NW through Sarah Hall's The Carhullan Army and David Mitchell's Cloud Atlas to the work of a new generation of novelists such as Melissa Harrison and Ross Raisin As the book shows post millennial fictions provide the imaginative space in which to rethink the stories we tell about ourselves and the natural world in a time of crisis

The Noah Myth in Twenty-first-century Cli-fi Novels Helen E. Mundler, 2022 Breaks new ground by both analyzing the literary qualities of four recent rewritings of the Noah myth and contextualizing their concern with climate change within the wider crises of the Anthropocene With the rise of concern about global warming in recent years climate change fiction or cli fi has become increasingly important both as a publishing phenomenon and as an area of academic study and research Flood narratives have become a subsection of cli fi in their own right This book proposes new readings of four recent rewritings of the Noah myth Odds Against Tomorrow by Nathaniel Rich Margaret Atwood's Maddaddam trilogy When the Floods Came by Clare Morrall and The Flood by Maggie Gee Helen E Mundler's book takes into account the wealth of criticism that has appeared on these texts in recent years acknowledging important contributions from critics including Adam Trexler Adeline Johns Putra and Astrid Bracke However her book's strength is that it takes a new approach going beyond the topicality of the texts and treating them not just as ideological statements but giving them their due as literary artifacts While the importance of climate change is beyond debate this book takes a more balanced approach that places it within a wider context of the multiple crises of the Anthropocene of the texts and treating them not just as ideological statements but giving them their due as literary artifacts While the importance of climate change is beyond debate this book takes a more balanced approach that places it within a wider context of the multiple crises of the Anthropocene of the texts and treating them not just as ideological statements but giving them their due as literary

artifacts While the importance of climate change is beyond debate this book takes a more balanced approach that places it within a wider context of the multiple crises of the Anthropocene y of the texts and treating them not just as ideological statements but giving them their due as literary artifacts While the importance of climate change is beyond debate this book takes a more balanced approach that places it within a wider context of the multiple crises of the Anthropocene

The Contemporary Post-Apocalyptic Novel Diletta De Cristofaro, 2019-12-26 Traditional apocalyptic texts concern the advent of a better world at the end of history that will make sense of everything that happened before But what is at stake in the contemporary shift to apocalyptic narratives in which the utopian end of time is removed The Contemporary Post Apocalyptic Novel offers an innovative critical model for our cultural obsession with the end by focussing on the significance of time in the 21st century post apocalyptic novel and challenging traditional apocalyptic logic Once confined to the genre of science fiction the increasing popularity of end of the world narratives has caused apocalyptic writing to feature in the work of some of contemporary literature s most well known fiction writers Considering novels by Will Self Cormac McCarthy David Mitchell Emily St John Mandel Jeanette Winterson and others Diletta De Cristofaro frames the contemporary apocalyptic imagination as a critique of modernity s apocalyptic conception of time and history Interdisciplinary in scope the book historicises apocalyptic beliefs by exploring how relentlessly they have shaped the modern world

Significant Objects Joshua Glenn, Rob Walker, 2012-08-06 100 EXTRAORDINARY STORIES ABOUT ORDINARY THINGS SIGNIFICANT OBJECTS A Literary and Economic Experiment Can a great story transform a worthless trinket into a significant object The Significant Objects project set out to answer that question once and for all by recruiting a highly impressive crew of creative writers to invent stories about an unimpressive menagerie of items rescued from thrift stores and yard sales That secondhand flotsam definitely becomes more valuable sold on eBay objects originally picked up for a buck or so sold for thousands of dollars in total making the project a sensation in the literary blogosphere along the way But something else happened too The stories created were astonishing a cavalcade of surprising responses to the challenge of manufacturing significance Who would have believed that random junk could inspire so much imagination The founders of the Significant Objects project that s who This book collects 100 of the finest tales from this unprecedented creative experiment you ll never look at a thrift store curiosity the same way again

Hard-boiled Sentimentality Leonard Cassuto, 2009 Leonard Cassuto's cultural history of the hard boiled crime genre recovers the fascinating link between tough guys and sensitive women

Death-Facing Ecology in Contemporary British and North American Environmental Crisis Fiction Louise Squire, 2019-12-05 Recent years have seen a burgeoning of novels that respond to the environmental issues we currently face Among these Louise Squire defines environmental crisis fiction as concerned with a range of environmental issues and with the human subject as a catalyst for these issues She argues that this fiction is characterized by a thematic use of death through which it explores a crisis of both environment and self Squire refers to this emergent thematic device as death facing ecology This device enables this fiction to engage with a range of theoretical ideas and with popular notions of death and the human condition as cultural phenomena of the modern West In doing so this fiction invites its readers to consider how humanity might begin to respond to the crisis

Climate and American Literature Michael Boyden, 2021-03-04 Climate has infused the literary history of the United States from the writings of explorers and conquerors over early national celebrations of the American climate to the flowering of romantic nature writing This volume traces this complex semantic history in American thought and literature to examine rhetorical and philosophical discourses that continue to propel and constrain American climate perceptions today It explores how American literature from its inception up until the present engages with the climate both real and perceived Climate and American Literature attends to the central place that the climate has historically occupied in virtually all aspects of American life from public health and medicine over the organization of the political system and the public sphere to the culture of sensibility aesthetics and literary culture It details American inflections of climate perceptions over time to offer revealing new perspectives on one of the most pressing issues of our time

Becoming Belafonte Judith E. Smith, 2014-09-15 This biography of the singer actor and fearless anti racism activist is so engaging that readers will crave a

sequel Kirkus Reviews A son of poor Jamaican immigrants who grew up in Depression era Harlem Harry Belafonte became the first black performer to gain artistic control over the representation of African Americans in commercial television and film Forging connections with an astonishing array of consequential players on the American scene in the decades following World War II from Paul Robeson to Ed Sullivan John Kennedy to Stokely Carmichael Belafonte established his place in American culture as a hugely popular singer matinee idol internationalist and champion of civil rights black pride and black power In *Becoming Belafonte* Judith E Smith presents the first full length interpretive study of this multitalented artist She sets Belafonte s compelling story within a history of American race relations black theater and film history McCarthy era hysteria and the challenges of introducing multifaceted black culture in a moment of expanding media possibilities and constrained political expression Smith traces Belafonte s roots in the radical politics of the 1940s his careful negotiation of the complex challenges of the Cold War 1950s and his full flowering as a civil rights advocate and internationally acclaimed performer in the 1960s In Smith s account Belafonte emerges as a relentless activist a questing intellectual and a tireless organizer and a performer who never shied away from the dangerous crossroads where art and politics meet

Climate Change Fictions Antonia Mehnert, 2016-11-04 This book highlights the importance of the cultural sphere and in particular literature in response and discussion with the unprecedented phenomenon known as climate change Antonia Mehnert turns to a set of contemporary American works of fiction reading them as a unique response to the challenges of representing climate change She draws on climate change fiction texts dealing explicitly with anthropogenic climate change and explores how these works convey climate change deal with its challenging characteristics and with what narrative techniques they ultimately participate in its communication Indeed a number of challenging traits make climate change a difficult issue to engage with including its slow and long temporal dimension global scale scientific controversy and its disconnect between cause and effect Considering such complexity and uncertainty at the source of climate change fictions this book moves beyond a solely ecocritical analysis and shows how these climate change fictions constitute an insightful cultural repertoire valuable for discussion in the environmental humanities in general

Critical Ecofeminism Greta Gaard, 2017-06-16 Australian feminist philosopher Val Plumwood coined the term critical ecofeminism to situate humans in ecological terms and non humans in ethical terms for the two tasks are interconnected and cannot be addressed properly in isolation from each other Various using the terms critical ecological feminism critical anti dualist ecological feminism and critical ecofeminism Plumwood s work developed amid a range of perspectives describing feminist intersections with ecopolitical issues i e toxic production and toxic wastes indigenous sovereignty global economic justice species justice colonialism and dominant masculinity Well over a decade before the emergence of posthumanist theory and the new materialisms Plumwood s critical ecofeminist framework articulates an implicit posthumanism and respect for the animacy of all earthothers exposing the linkages among diverse forms of oppression and providing a theoretical basis for further activist coalitions and

interdisciplinary scholarship Had Plumwood lived another ten years she might have described her work as Anthropocene Ecofeminism Critical Material Ecofeminism Posthumanist Anticolonial Ecofeminism all of these inflections are present in her work Here Critical Ecofeminism advances upon Plumwood's intellectual activist and scholarly work by exploring its implications for a range of contemporary perspectives and issues critical animal studies plant studies sustainability studies environmental justice climate change and climate justice masculinities and sexualities With the insights available through a critical ecofeminism these diverse eco justice perspectives become more robust

Corpus-Assisted Ecolinguistics Robert Poole, 2022-05-05 *Corpus Assisted Ecolinguistics* introduces and integrates key research concepts principles and techniques in ecolinguistics and corpus assisted discourse study answering foundational questions for researchers new to the discipline and asserting the urgent need to expand its scope Breaking new ground the book analyzes under explored environmental discourses that have a tangible impact on ecological wellbeing and sustainability by perpetuating harmful attitudes practices and ideologies Chapters present in depth case studies including an analysis of the evolving representations of wilderness an eco stylistic analysis of a popular novel and an investigation of the use of humor in reports on animal escapes from slaughterhouses The studies employ a range of corpus analysis techniques to show how ecological degradation and crisis have become normalized and even trivialized in popular discourse but also spaces where positive discourse practices are present By applying tools from corpus linguistics to a diverse range of environmental discourses this book makes a significant contribution to advancing the field of ecolinguistics

Climate Fiction and Cultural Analysis Gregers Andersen, 2019-09-25 *Climate Fiction and Cultural Analysis* argues that the popularity of the term climate fiction has paradoxically exhausted the term's descriptive power and that it has developed into a black box containing all kinds of fictions which depict climatic events and has consequently lost its true significance Aware of the prospect of ecological collapse as well as our apparent inability to avert it we face geophysical changes of drastic proportions that severely challenge our ability to imagine the consequences This book argues that this crisis of imagination can be partly relieved by climate fiction which may help us comprehend the potential impact of the crisis we are facing Strictly assigning climate fiction to fictions that incorporate the climatological paradigm of anthropogenic global warming into their plots this book sets out to salvage the term's speculative quality It argues that climate fiction should be regarded as no less than a vital supplement to climate science because climate fiction makes visible and conceivable future modes of existence within worlds not only deemed likely by science but which are scientifically anticipated Focusing primarily on English and German language fictions *Climate Fiction and Cultural Analysis* shows how Western climate fiction sketches various affective and cognitive relations to the world in its utilization of a small number of recurring imaginaries or imagination forms This book will be of great interest to students and scholars of ecocriticism the environmental humanities and literary and culture studies more generally

Decoding **Odds Against Tomorrow A Novel**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Odds Against Tomorrow A Novel**," a mesmerizing literary creation penned with a celebrated wordsmith, readers attempt an enlightening odyssey, unraveling the intricate significance of language and its enduring affect our lives. In this appraisal, we shall explore the book is central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
