Smith,Rita L. Atkinson,Ernest Ropiequet Hilgard,2003 This text offers an up to date view of the dynamic nature of contemporary psychology The authors build a strong foundation in the fundamentals of psychology while featuring the most innovative contemporary research With plenty of supportive pedagogy experiments are explained in detail and charts and figures add to an understanding of the results The book offers an integrated biological orientation a trend that is changing the way psychological topics are viewed exemplified by the coverage of bio evolutionary research **Nature** ,1891 [The Ecclesiastical gazette, or, Monthly register of the affairs of the Church of England](#) ,1861 **"The" English Catalogue of Books** ,1898 **Minor Characters Have Their Day** Jeremy Rosen,2016-10-04 How do genres develop In what ways do

they reflect changing political and cultural trends What do they tell us about the motivations of publishers and readers Combining close readings and formal analysis with a sociology of literary institutions and markets *Minor Characters Have Their Day* offers a compelling new approach to genre study and contemporary fiction Focusing on the booming genre of books that transform minor characters from canonical literary texts into the protagonists of new works Jeremy Rosen makes broader claims about the state of contemporary fiction the strategies of the publishing industry over recent decades and the function of literary characters Rosen traces the recent surge in minor character elaboration to the late 1960s and works such as Jean Rhys's *Wide Sargasso Sea* and Tom Stoppard's *Rosencrantz and Guildenstern Are Dead* These early examples often recover the voices of marginalized individuals and groups As the genre has exploded between the 1980s and the present with novels about Ahab's wife Huck Finn's father and *Mr Dalloway* it has begun to embody the neoliberal commitments of subjective experience individual expression and agency Eventually large scale publishers capitalized on the genre as a way to appeal to educated audiences aware of the prestige of the classics and to draw in identity based niche markets Rosen's conclusion ties the understudied evolution of minor character elaboration to the theory of literary character
