Catalogue of the Books Belonging to the Library Company of Philadelphia ,1856 **The Historical Novel in Nineteenth-Century Europe** Brian Hamnett,2011-11-24 Even at the height of its popularity in the early nineteenth century the historical novel faced criticism at many levels After its predominance in the 1810s and 1820s writers and historians shunned it as a travesty of their respective disciplines Even so the historical novel has frequently attracted a wide ranging public right up to the present day Brian Hamnett examines key novels by authors including Scott Balzac Manzoni Dickens Eliot Flaubert Fontane Gald s and Tolstoy revealing the contradictions inherent in this form of fiction and exposing the challenges writers faced in attempting to represent a reality that linked past and present He argues that the historical novel in the nineteenth century was a common European phenomenon with considerable interconnection of themes and periods Accordingly the book ranges from the British Isles and France through the Germanic territories Italy and Spain to the Russian Empire identifying the different objectives and phases of the historical novel Although historical novels did appear in the two previous centuries the form came to maturity in the nineteenth century a consequence of the developing nature of history as a discipline distinct from literature and philosophy and the increasing primacy of the novel for writers and the reading public Yet the frontiers between history and literature remained blurred and the two disciplines continued to influence one another as each sought a faithful representation of human experience **Catalogue of a Large Collection of Choice and Rare Book** Hill,Gurley,2025-08-05 Reprint of the original first published in 1845 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage [The Making of the Middle Ages](#) Marios

local focus this book therefore also examines some of the most significant aspects of the modern study of the middle ages in the round It offers fresh perspectives from leading experts in their fields on medieval Celtic languages on English poetic literature on heroes on pageantry on mystery plays and on the effect of nationalist perspectives on the writing of medieval history Tracing the burgeoning appreciation in Merseyside and beyond of the period in which the city was founded this collection of essays is a fitting commemoration of Liverpool s octocentenary **Oeuvres** Stendhal,1926 *Oeuvres completes* Stendhal,1855 A Catalog of Books Represented by Library of Congress Printed Cards Issued to July 31, 1942 ,1942 *The Publishers Weekly* ,1883 **Among Our Books** Carnegie Library of Pittsburgh,1907 Catalogue of the Astor Library (continuation) Charles Alexander Nelson,1886 Christian Examiner and Theological Review ,1847
