**E-Pedagogy for the Digital Age** Dr. P. C. Nagasubramani, Adult learners have more options for enrolling in postsecondary education than ever before and they are able to use their learning

style preference in deciding which program best meets their needs For some of these students those programs are fully online and for others there is minimal use of technology As technology grows and become more integrated into individual lives the unique learning styles and preferences of adults need to learn to be incorporated into instructional design Drawing on a regional sample of US colleges 545 adult learners in a graduate programs were surveyed about how to effectively build community in their online classes Results indicated some agreement with these instructional tools Mature adult learners however were found to have stronger agreement with strategies that included work outside of the formal online class These results suggest perhaps a greater comfort for adults in working in spaces where there is less likelihood of being judged or graded and that they might value relational work with other students in different ways than younger adults

*A Broad Guide to Teaching the Skills of Listening and Speaking* Mahmoud Sultan Nafa, 2023-09-08 This profoundly and comprehensively explores the requirements and techniques of teaching listening and speaking skills Additionally it examines the challenges of teaching these skills and the practical techniques for overcoming them in order to have successful teaching and learning processes More importantly this book provides highly engaging multi tiered assessment tools that empower teachers to activate and enrich students listening potentials and trigger their speaking creativity through evaluating their current listening and speaking capabilities rectifying their points of weaknesses and building on their points of strengths This book also demonstrates various ways of using technology in order to add more vividness and diversity to teaching and enhancing both listening and speaking skills In a nutshell this book is an extremely useful springboard for teaching acquiring and boosting these core skills owing to its practicality diversity and rich resources
