Whose History Counts June Bam,Lungisile Ntsebeza,Allan Zinn,2018-11-29 Originally planned as a fact based book on the pre colonial history of the Eastern Cape in the true tradition of history this ground breaking book focuses on epistemological and foundational questions about the writing of history and whose history counts Whose History Counts challenges the very concept of pre colonial and explores methodologies on researching and writing history The reason for this dramatic change of focus is attributed in the introduction of the book to the student led rebellion that erupted following the RhodesMustFall campaign which started at the University of Cape Town on 9 March 2015 Key to the rebellion was the students opposition to what they dubbed colonial education and a clamour for among others a decolonised curriculum This book is a direct response to this clarion call *Social Science, Grades One, Two, Three, Four, Five, and Six, Elementary School* Denver Public Schools,1926
