Positively No Filipinos Allowed Antonio T. Tiongson, Ricardo Valencia Gutierrez, Edgardo Valencia Gutierrez, Ricardo V. Gutierrez, 2006 Essays challenging conventional narratives of Filipino American history and culture E. J. R. David, Ph.D., 2011-01 There are over 92 million Filipinos in the Philippines where the legacies of Western colonialism continue to exist and propagate the message that anything Filipino is inferior to anything American or Western Thus many Filipinos dream of immigrating to various Western countries mostly to the United States Today Filipinos have the second highest yearly immigration rate into the United States and compose the second largest immigrant group in the country Also Filipinos in America number over 3 million making them the second largest Asian American ethnic group in the country Not surprisingly there has been increased attention on the experiences of Filipinos and Filipino Americans as minorities and immigrants as well as toward better understanding their identity cultural values and mental health However given the conditions of postcolonial Philippines and the contemporary experiences of oppression by Filipinos in America one cannot completely and accurately understand the minority immigrant and psychological experiences of this group outside the context of colonialism and contemporary oppression Thus this text focuses on the psychological effects of historical colonialism and contemporary oppression among Filipinos and Filipino Americans It takes the reader from indigenous Tao culture Spanish and American colonialism colonial mentality or internalized oppression along with its implications on Kapwa identity and mental health to decolonization in the clinical community and research settings This book is a multidisciplinary and empirical approach to Filipino and Filipino American psychology It is intended for the entire community teachers researchers students and service providers interested in or who are working with Filipinos and Filipino Americans or those who are interested in the psychological consequences of colonialism and oppression This book may serve as a tool for remembering the past and as a tool for awakening to address the present **Asian Americans** Xiaojian Zhao, Edward J.W. Park Ph.D., 2013-11-26 This is the most comprehensive and up to date reference work on Asian Americans comprising three volumes that address a broad range of topics on various Asian and Pacific Islander American groups from 1848 to the present day This three volume work represents a leading reference resource for Asian American studies that gives students researchers librarians teachers and other interested readers the ability to easily locate accurate up to date information about Asian ethnic groups historical and contemporary events important policies and notable individuals Written by leading scholars in their fields of expertise and authorities in diverse professions the entries devote attention to diverse Asian and Pacific Islander American groups as well as the roles of women distinct socioeconomic classes Asian American political and social movements and race relations involving Asian Americans Hip Hop Underground Anthony Kwame Harrison, 2009-07-09 Race and authenticity in America explored through the Bay Area s multiracial underground hip hop scene **Union by Law** Michael W. McCann, George I. Lovell, 2020-04-17 A pioneering subaltern history of immigrant

workers and their relationship to law and legal institutions in the 20th century *The Law Society Review* Starting in the early 1900s many thousands of native Filipinos were conscripted as laborers in American West Coast agricultural fields and Alaska salmon canneries There they found themselves confined to exploitative low wage jobs in racially segregated workplaces as well as subjected to vigilante violence and other forms of ethnic persecution In time though Filipino workers formed political organizations and affiliated with labor unions to represent their interests and to advance their struggles for class race and gender based social justice *Union by Law* analyzes the broader social and legal history of Filipino American workers rights based struggles culminating in the devastating landmark Supreme Court ruling *Wards Cove Packing Co v Atonio* 1989 Organized chronologically the book begins with the US invasion of the Philippines and the imposition of colonial rule at the dawn of the twentieth century The narrative then follows the migration of Filipino workers to the United States where they mobilized for many decades within and against the injustices of American racial capitalist empire that the Wards Cove majority willfully ignored in rejecting their longstanding claims A reclamation of a long legacy of racial capitalist domination over Filipinos and other low wage or unpaid migrant workers *Union by Law* also tells a story of noble aspirational struggles for human rights over several generations and of the many ways that law was mobilized both to enforce and to challenge race class and gender hierarchy at work A tour de force Paul Frymer Princeton University

Creating Masculinity in Los Angeles's Little Manila Linda España-Maram, 2006-04-25 In this new work Linda España Maram analyzes the politics of popular culture in the lives of Filipino laborers in Los Angeles's Little Manila from the 1920s to the 1940s The Filipinos participation in leisure activities including the thrills of Chinatown's gambling dens boxing matches and the sensual pleasures of dancing with white women in taxi dance halls sent legislators reformers and police forces scurrying to contain public displays of Filipino virility But as España Maram argues Filipino workers by flaunting improper behavior established niches of autonomy where they could defy racist attitudes and shape an immigrant identity based on youth ethnicity and notions of heterosexual masculinity within the confines of a working class España Maram takes this history one step further by examining the relationships among Filipinos and other Angelenos of color including the Chinese Mexican Americans and African Americans Drawing on oral histories and previously untapped archival records España Maram provides an innovative and engaging perspective on Filipino immigrant experiences

Brown Skin, White Minds E. J. R. David, 2013-02-01 Filipino Americans have a long and rich history with and within the United States and they are currently the second largest Asian group in the country However very little is known about how their historical and contemporary relationship with America may shape their psychological experiences The most insidious psychological consequence of their historical and contemporary experiences is colonial mentality or internalized oppression Some common manifestations of this phenomenon are described below Skin whitening products are used often by Filipinos in the Philippines to make their skins lighter Skin whitening clinics and businesses are popular in the Philippines as well The beautiful people such as actors and other celebrities endorse these skin whitening procedures Children are told to stay away from the sun so they do not get too dark Many Filipinos also regard anything imported to be more special than anything local or made in the Philippines In the United States many Filipino Americans make fun of fresh off the boats FOBs or those who speak English with Filipino accents Many Filipino Americans try to dilute their Filipino ness by saying that they are mixed with some other races Also many Filipino Americans regard Filipinos in the Philippines and pretty much everything about the Philippines to be of lower class and those of the third world The historical and contemporary reasons for why Filipino Americans display these attitudes beliefs and behaviors often referred to as colonial mentality are explored in *Brown Skin White Minds* This book is a peer reviewed publication that integrates knowledge from multiple scholarly and scientific disciplines to identify the past and current catalysts for such self denigrating attitudes and behaviors It takes the reader from indigenous Tao culture Spanish and American colonialism colonial mentality or internalized oppression along with its implications on Kapwa identity and mental health to decolonization in the clinical community and research settings This book is intended for the entire community teachers researchers students and service providers interested in or who are working with Filipinos and Filipino Americans or those who are interested in the psychological consequences of colonialism and oppression This book may serve as a tool for remembering the past and as a tool for awakening to address the present
