

POVERTY ESSAY 3 (200 WORDS)

Poverty is just like a condition of slave when a person becomes unable to do anything according to his/her wish. It has many faces which changes according to the person, place and time. It can be described in many ways a person feel it or live it. Poverty is a situation which no one wants to live however has to carry it by custom, nature, natural disaster, or lack of proper education. The person lives it, generally wants to escape. Poverty is a call to action to the poor people to earn enough money to eat, have access to education, get adequate shelter, wear needed clothes, and protection from the social and political violence.

It is an invisible problem which affects a person and his/her social life very badly in many ways. Poverty is completely preventable problem however there are many reasons which carry and continue it from the past time. Poverty keeps a person lack of freedom, mental well-being, physical well-being, and security. It is very necessary for everyone to work jointly in order to remove poverty from the country and world to bring proper physical health, mental health, complete literacy, home for everyone, and other needed things to live a simple life.

POVERTY ESSAY 4 (250 WORDS)

Poverty is a human condition which brings despair, grief and pain in the human life. Poverty is the lack of money and all the things required to live a life in proper manner. Poverty makes a child unable to enter to the school in childhood and lives his/her childhood in an unhappy family. Poverty is the lack of few rupees to arrange bread and butter of two times daily, buy text books for kids, grief of parents responsible for the care of children, etc. We can define poverty in many ways. It is very common to see poverty in India because most people here cannot fulfill their basic necessities of the life. A huge percentage of population here is uneducated, hungry and without home and clothe. It is the main reason of the poor Indian economy. Because of the poverty, around half population in India is living a miserable life.

Poverty creates a situation in which people fail to get sufficient income so they cannot purchase necessary things. A poor man lives his/her life without any command over basic needs such as two times food, clean drinking water, clothing, house, proper education, etc. People who fail to maintain the minimum standard of living such as consumption and nutrition required for existence. Nacho Lopez, Mexican Photographer John Mraz, 2003 Annotation Photographer Nacho Lopez was Mexico's Eugene Smith fusing social commitment with searing imagery to dramatize the plight of the helpless the poor and the marginalized in the pages of glossy illustrated magazines Even today Lopez's photographs forcefully belie the picturesque exoticism that is invariably presented as the essence of Mexico In Nacho Lopez Mexican Photographer John Mraz offers the first full length study in English of this influential photojournalist and provides a close visual analysis of more than fifty of Lopez's most important photographs Mraz first sets Lopez's work in the historical and cultural context of the authoritarian presidentialism that characterized Mexican politics in the 1950s the cult of wealth and celebrity promoted by Mexico's professional photographers and the government's attempts to modernize and industrialize Mexico at almost any cost Mraz skillfully explores the implications of Lopez's imagery in this setting the extent to which his photographs might constitute further victimization of his downtrodden subjects the relationship between them and the middle class readers of the magazines for which Lopez worked and the success with which his photographs challenged Mexico's economic and political structures Mraz contrasts the photos Lopez took with those that were selected by his editors for publication He also compares Lopez's images with his theories about documentary photography and considers Lopez's photographs alongside the work of Robert Capa Dorothea Lange Henri Cartier Bresson and Sebastiao Salgado Lopez's imagery is further analyzed in relation to the Mexican Golden Age cinema inspired by Sergei Eisenstein the pioneering digital imagery of Pedro Meyer and the work of Manuel Alvarez Bravo who Mraz provocatively argues was the first Mexican photographer to take an anti picturesque stance The definitive English language assessment of Nacho Lopez

The Psychology of Overeating Kima Cargill, 2015-10-22 Drawing on empirical research clinical case material and vivid examples from modern culture The Psychology of Overeating demonstrates that overeating must be understood as part of the wider cultural problem of consumption and materialism Highlighting modern society's pathological need to consume Kima Cargill explores how our limitless consumer culture offers an endless array of delicious food as well as easy money whilst obscuring the long term effects of overconsumption The book investigates how developments in food science branding and marketing have transformed Western diets and how the food industry employs psychology to trick us into eating more and more and why we let them Drawing striking parallels between Big Food and Big Pharma Cargill shows how both industries use similar tactics to manufacture desire resist regulation and convince us that the solution to overconsumption is further consumption Real life examples illustrate how loneliness depression and lack of purpose help to drive consumption and how this is attributed to individual failure rather than wider culture The first book to introduce a clinical and existential psychology perspective into the field of food studies Cargill's interdisciplinary approach bridges the gulf between theory and practice Key reading for students and researchers in food studies psychology health and nutrition and anyone wishing to learn more about the relationship between food and consumption

Childhood and Modernity in Cold War Mexico City Eileen Ford, 2018-02-22 Childhood and Modernity in Cold War Mexico City traces the transformations that occurred between 1934 and 1968 in Mexico through the lens of childhood Countering the dominance of Western European and North American views of childhood Eileen Ford puts the experiences of children in Latin America into their historical political and cultural contexts Drawing on diverse primary sources ranging from oral histories to photojournalism Ford reconstructs the emergent and varying meanings of childhood in Mexico City during a period of changing global attitudes towards childhood and changing power relations in Mexico at multiple scales from the family to the state She analyses children's presence on the silver screen in radio and in print media to examine the way that children were constructed within public discourse identifying the forces that would converge in the 1968 student movement This book demonstrates children's importance within Mexican society as Mexico transitioned from a socialist inspired revolutionary government to one that embraced industrial capitalism in the Cold War era It is a fascinating study of an extremely important burgeoning population group in Mexico that has previously been excluded from histories of Mexico's bid for modernity Childhood and Modernity in Cold War Mexico City will be essential reading for students and scholars of Latin American history and the Cold War

The Look of Catholics Anthony Burke Smith, 2010-06-22 When John Kennedy ran for president some Americans thought a Catholic couldn't

t or shouldn't win the White House Credit Bing Crosby among others that he did For much of American history Catholics perceived allegiance to an international church centered in Rome excluded them from full membership in society a prejudice as strong as those against blacks and Jews Now Anthony Burke Smith shows how the intersection of the mass media and the visually rich culture of Catholicism changed that Protestant perception and in the process changed American culture Smith examines depictions of and by Catholics in American popular culture during the critical period between the Great Depression and the height of the Cold War He surveys the popular films television and photojournalism of the era that reimagined Catholicism as an important even attractive element of American life to reveal the deeply political and social meanings of the Catholic presence in popular culture Hollywood played a big part in this midcentury Catholicization of the American imagination and Smith showcases the talents of Catholics who made major contributions to cinema Leo McCarey's Oscar winning film *Going My Way* starring the soothing and Catholic Bing Crosby turned the Catholic parish into a vehicle for American dreams while Pat O'Brien and Spencer Tracy portrayed heroic priests who championed the underclass in some of the era's biggest hits And even while a filmmaker like John Ford rarely focused on clerics and the Church Smith reveals how his films gave a distinctly ethnic Catholic accent to his cinematic depictions of American community Smith also looks at the efforts of Henry Luce's influential *Life* magazine to harness Catholicism to a postwar vision of middle class prosperity and cultural consensus And he considers the unexpected success of Bishop Fulton J. Sheen's prime time television show *Life is Worth Living* in the 1950s which offered a Catholic message that spoke to the anxieties of Cold War audiences Revealing images of orthodox belief whose sharpest edges had been softened to suggest tolerance and goodwill Smith shows how such representations overturned stereotypes of Catholics as un-American Spanning a time when hot and cold wars challenged Americans traditional assumptions about national identity and purpose his book conveys the visual style moral confidence and international character of Catholicism that gave it the cultural authority to represent America

About to Die Barbie Zelizer, 2010-12-01 Images of people about to die surface repeatedly in the news particularly around the difficult and unsettled events of war political revolution terrorism natural disaster and other crises Their appearance raises questions What equips an image to deliver the news how much does the public need to know to make sense of what they see and what do these images contribute to historical memory About To Die addresses these questions by using images of imminent death as a litmus test for considering news imagery and visual meaning more broadly
