Welcome to the Rolling Rains Report

Trying times call for trying something new!

People are asking, *"Does it really have to be this uncomfortable to travel?"* .

The travel & hospitality industry is sensing the spark of something new as people answer, "No, and we plan to do something about it."

Fresh thinkers are testing countless breakthrough ideas on accessible travel. They are rubbing ingenuity against continuity to enkindle a new flame.

At *Rolling Rains* we monitor that brush fire as it reveals ideas that are standing the test of the times.

In particular we search out examples of how **Universal Design** creates new travel opportunities and products that are, to quote the definition of Universal Design, *usable by the widest range of people operating in the widest range of situations.*

Explore as an idea whose time.

The concept of **Inclusive Travel** is itself traveling around the world. It is leaving an infrastructure that will allow the pleasure of world discovery to generations to come. It enables generations present to do so through all stages of their lifespan. That's the vision of Universal Design applied to tourism — **Inclusive Tourism**.

Follow the journey of Inclusive Tourism here at *RollingRains.com*

Never for Want of Powder C. L. Bragg, 2007 Lavishly illustrated with seventy four color plates and fifty black and white photographs and drawings *Never for Want of Powder* tells the story of a world class munitions factory constructed by the Confederacy in 1861 the only large scale permanent building project undertaken by a government often characterized as lacking modern industrial values In this comprehensive examination of the powder works five scholars a historian physicist curator architectural historian and biographer bring their combined expertise to the task of chronicling gunpowder production during the Civil War In doing so they make a major contribution to understanding the history of wartime technology and Confederate ingenuity Early in the war President Jefferson Davis realized the Confederacy's need to supply its own gunpowder Accordingly Davis selected Col George Washington Rains to build a gunpowder factory An engineer and West Point graduate Rains relied primarily on a written pamphlet rather than on practical experience in building the powder mill yet he succeeded in designing a model of efficiency and safety He sited the facilities at Augusta Georgia because of the city's central location canal transportation access to water power railroad facilities and relative security from attack As much a story of people as of machinery *Never for Want of Powder* recounts the ingenuity of the individuals involved with the project A cadre of talented subordinates including Frederick Wright C Shaler Smith William Pendleton and Isadore P Girardey assisted Rains to a degree not previously appreciated by historians This volume also documents the coordinated outflow of gunpowder and ammunition and Rains's difficulty in preparing for the defense of Augusta Today a lone chimney along the Savannah River stands as the only reminder of the munitions facility that once

occupied that site With its detailed reproductions of architectural and mechanical schematics and its expansive vista on the Confederacy Never for Want of Powder restores the Augusta Powder Works to its rightful place in American lore **Report on Canadian Archives** Public Archives of Canada,1890 **Report of the Work of the Public Archives** Public Archives of Canada,1890 Appendix 42 in the report of the minister of agriculture for 1874 consists of a Report of proceedings connected with Canadian archives in Europe by H A J B Verreau **Report on Canadian Archives and on the System of Keeping Public Records** Public Archives of Canada,1890 *Fire and Rain* David Browne,2012-07-24 Set against a backdrop of world changing historical and political events *Fire and Rain* tells the extraordinary story of one pivotal year in the lives and music of four legendary artists and reveals how these artists and their songs both shaped and reflected their times Drawing on interviews rare recordings and newly discovered documents acclaimed journalist David Browne allows us to see and to hear the elusive moment when the 60s became the 70s in a completely fresh way Mark Harris author of *Pictures at a Revolution* [Report of the Work of the Public Archives ...](#) Public Archives of Canada,1890 **How Was It Possible?** Peter Hayes,2015-04 As the Holocaust passes out of living memory future generations will no longer come face to face with Holocaust survivors But the lessons of that terrible period in history are too important to let slip past *How Was It Possible* edited and introduced by Peter Hayes provides teachers and students with a comprehensive resource about the Nazi persecution of Jews Deliberately resisting the reflexive urge to dismiss the topic as too horrible to be understood intellectually or emotionally the anthology sets out to provide answers to questions that may otherwise defy comprehension This anthology is organized around key issues of the Holocaust from the historical context for antisemitism to the impediments to escaping Nazi Germany and from the logistics of the death camps and the carrying out of genocide to the subsequent struggles of the displaced survivors in the aftermath Prepared in cooperation with the Jewish Foundation for the Righteous this anthology includes contributions from such luminaries as Jean Ancel Saul Friedlander Tony Judt Alan Kraut Primo Levi Robert Proctor Richard Rhodes Timothy Snyder and Susan Zuccotti Taken together the selections make the ineffable fathomable and demystify the barbarism underlying the tragedy inviting readers to learn precisely how the Holocaust was in fact possible *The Waterloo Archive* Gareth Glover,2025-08-05 So much has been written on the subject of the Battle of Waterloo and the campaign that surrounds it that the reader might think that there is simply nothing new to tell However the archives of Europe are teeming with fascinating documents personal letters to family and friends private journals and official reports that have been virtually ignored in many standard histories of the period In the ground breaking *Waterloo Archive* series Gareth Glover has set out to unearth this buried material and to finally expose it to public scrutiny In doing so he brings the human aspect of war and military campaigning to the fore the humor and exhilaration the fears and miseries the starvation and exhaustion the horror and the joy He also provides an invaluable new source which will challenge preconceptions disprove theories destroy myths and allow for a complete re evaluation of many key aspects of the campaign

In this sixth and final volume in the series published to coincide with the two hundredth anniversary of the campaign Glover has again turned his attention to the British sources Yeomen, Sharecroppers, and Socialists Kyle G. Wilkison, 2008-10-28 As the nineteenth century ended in Hunt County Texas a way of life was dying The tightly knit fiercely independent society of the yeomen farmers plain folk as historians have often dubbed them was being swallowed up by the rising tide of a rapidly changing cotton based economy A social network based on family religion and community was falling prey to crippling debt and resulting loss of land ownership For many of the rural people of Hunt County and similar places it seemed like the end of the world In Yeomen Sharecroppers and Socialists historian Kyle G Wilkison analyzes the patterns of plain folk life and the changes that occurred during the critical four decades spanning the end of the nineteenth and the beginning of the twentieth centuries Political protest evolved in the wake of the devastating losses experienced by the poor rural majority and Wilkison carefully explores the interplay of religion and politics as Greenbackers Populists and Socialists vied for the support of the dispossessed tenant farmers and sharecroppers With its richly drawn contextualization and analysis of the causes and effects of the epochal shifts in plain folk society Kyle G Wilkison's Yeomen Sharecroppers and Socialists will reward students and scholars in economic regional and agricultural history

North Carolina Troops, 1861-1865: Infantry, 62nd, 64th, 66th-68th Regiments ,1966 **Hard Rain**
Alessandro Portelli,2022-05-17 Bob Dylan s iconic 1962 song A Hard Rain s A Gonna Fall stands at the crossroads of musical and literary traditions A visionary warning of impending apocalypse it sets symbolist imagery within a structure that recalls a centuries old form Written at the height of the 1960s folk music revival amid the ferment of political activism the song strongly resembles and at the same time reimagines a traditional European ballad sung from Scotland to Italy known in the English speaking world as Lord Randal Alessandro Portelli explores the power and resonance of A Hard Rain s A Gonna Fall considering the meanings of history and memory in folk cultures and in Dylan s work He examines how the ballad tradition to which Lord Randal belongs shaped Dylan s song and how Dylan drew on oral culture to depict the fears and crises of his own era Portelli recasts the song as an encounter between Dylan s despairing vision which questions the meaning and direction of history and the message of resilience and hope for survival despite history s nightmares found in oral traditions A wide ranging work of oral history Hard Rain weaves together interviews from places as varied as Italy England and India with Portelli s autobiographical reflections and critical analysis speaking to the enduring appeal of Dylan s music By exploring the motley traditions that shaped Dylan s work this book casts the distinctiveness and depth of his songwriting in a new light
