in New Netherland After spending a few years on Manhattan Island he moved on to the fur trading settlement today known as Albany Merwick traces his journey to a new continent and re creates the satisfying existence this respected burgher enjoyed with his wife in the bustling town As a notary Janse was in the author s words surrounded by stories those he listened to and recorded the hundreds he archived in a chest or trunk His familiar life was turned upside down by the British conquest of the colony Merwick recounts the changes brought about by the new rulers and imagines the despair Janse must have felt when English a language he had never learned replaced his native tongue in official transactions In any military adventure truth is alleged to be the first casualty Merwick offers a poignant reminder that the first casualties are in fact people As much a musing on what history obscures as what it reveals her book is a superior work by a master practitioner of her craft
