The Century Dictionary and Cyclopedia: Dictionary William Dwight Whitney,1904 **POSSESSED** Cordelia Lee,2018-05-08 Cordelia Lee has experienced something few in the Western world have even witnessed exorcism Demonic possession brought her to a Taoist shaman who could drive out her tormentors but only temporarily Cordelia s problems were multifaceted a troubled childhood molests rape attempt black magic anorexia unfulfilled maternal instinct failing marriage and depression Given the severity of her experiences and the return of the evil spirits Cordelia had to dedicate her life to healing if she was ever to recover She had earlier experienced an unexpected kundalini awakening it awakened her to the spiritual realm and the unseen energies that fill the universe Things she used to think were illogical and nonexistent But the spiritual realm that promised answers also held the ghosts that flooded her and a much more human danger Not everyone had the kindness of the shaman who exorcised Cordelia She met other teachers on her journey and some of these gurus wanted to manipulate her with black magic Discerning between helpful guides and wolves in sheep s clothing proved challenging Yet the promise of healing through earthly and spiritual means urged her forward With the support of trustworthy friends Cordelia would become a healer in her own right Lewis Carroll's "Alice" and Cognitive Narratology Francesca Arnavas,2021-01-18 We live in an age that is witnessing a growing interest in narrative studies cognitive neuroscientific tools mind studies and artificial intelligence hypotheses This book therefore aims to expand the exegesis of Carroll s Alice books aligning them with the current intellectual environment The theoretical force of this volume lies in the successful encounter between a great book and all its polysemous ramifications and a new interpretative point of view powerful enough to provide a new original contribution but well grounded enough not to distort the text itself Moreover this book is one of the first to offer a complete thorough analysis of one single text through the theoretical lens of cognitive narratology and not just as a series of brief examples embedded within a more general discussion It emphasises in a more direct effective way the actual novelty and usefulness of the dialogue established between narrative theory and the cognitive sciences It links specific concepts elaborated in the theory of cognitive narratology with the analysis of the Alice books helping in this way to discuss question and extend the concepts themselves opening up new interpretations and practical methods *The Century Dictionary and Cyclopedia: The Century dictionary ... prepared under the superintendence of William Dwight Whitney ... rev. & enl. under the superintendence of Benjamin E.
