Roman Spaces Essays Around An Empire:

Roman Spaces Eric S. Morse, 2014-11-28 It has been fashionable to view the Classical past as a thing dead and frozen scarcely accessible and certainly of no relevance to current international affairs It has also been fashionable to over sensationalize the past and to draw conclusions that are hard to justify in the light of the available evidence The essays in this book explore aspects of Roman Imperial history and try to define some of the experiences that we and our remote historic ancestors may have in common

Roman Spaces Eric S. Morse, 2014 *World and Hour in Roman Minds* Richard J. A. Talbert, 2023 The nineteen essays in *World and Hour in Roman Minds* Exploratory Essays encapsulate Talbert's pioneering efforts to penetrate Romans elusive consciousness of space and time The range spans itineraries maps boundary markers roads sundials and veterans certificates

The Conquest of Ruins Julia Hell, 2019-03-19 The Roman Empire has been a source of inspiration and a model for imitation for Western empires practically since the moment Rome fell Yet as Julia Hell shows in *The Conquest of Ruins* what has had the strongest grip on aspiring imperial imaginations isn't that empire's glory but its fall and the haunting monuments left in its wake Hell examines centuries of European empire building from Charles V in the sixteenth century and Napoleon's campaigns of the late seventeenth and early eighteenth centuries to the atrocities of Mussolini and the Third Reich in the 1930s and 40s and sees a similar fascination with recreating the Roman past in the contemporary image In every case particularly that of the Nazi regime the ruins of Rome seem to represent a mystery to be solved how could an empire so powerful be brought so low Hell argues that this fascination with the ruins of greatness expresses a need on the part of would be conquerors to find something to ward off a similar demise for their particular empire

The Atlantic as Mythical Space: An Essay on Medieval Ethos Alfonso J. García-Osuna, 2023-05-23 *The Atlantic as Mythical Space* is a study of medieval culture and its concomitant myths legends and fantastic narratives as it developed along the European Atlantic seaboard It is an inclusive study that touches upon early medieval Ireland the pre Hispanic Canary Islands the Iberian Peninsula courtly love France and the pagan and early Christian British Isles The obvious and consequential ligature that runs throughout the different sections of this text is the Atlantic Ocean a bewildering expanse of mythical substance that for centuries fueled the imagination of ocean side peoples It analyzes how and why myths with the Atlantic as preferential stage are especially relevant in pagan and early Christian western Europe It further examines how prescientific societies fashioned an alternate cosmos in the Atlantic where events beings and places existed in harmony with communal mental structures It explores why in that contrived geography these societies angels and monsters were able to materialize with wonderful profusion it further analyzes how the ocean became a place where human beings ventured forth searching for explanations for what is essentially unknowable the origins of the universe and the reason for our existence in it

Lived Spaces in Late Antiquity Carlos Machado, Rowan Munnery, Rebecca Sweetman, 2024-04-30 This volume considers lived space as a scholarly approach to the past showing how spatial approaches can present innovative

views of the world of Late Antiquity integrating social economic and cultural developments and putting centre stage this fundamental dimension of social life Bringing together an international group of scholars working on areas as diverse as Britain the Iberian Peninsula Jordan and the Horn of Africa this book includes burgeoning fields of study such as lived spaces in the context of ships and seafaring during this period Chapters investigate the history function and use of different spaces in their own right and identify the social and historical logic presiding over continuity and or change They also explore the fluidity of lived space in both its physical and conceptual dimensions analysing issues like agency and intentionality as well as meaning and social relations Space is the fundamental dimension of social life the arena where it unfolds and the stage where social values and hierarchies are represented analysis of space allows us to understand history through different means of shaping occupying and controlling space Considering Late Antiquity through a spatial perspective offers a complex and stimulating picture of this pivotal period and this volume provides avenues for the development of further research and discussion in this area Lived Spaces in Late Antiquity is a fascinating resource for students and scholars interested in space and spatiality in the late antique world as well as archaeology classical studies and late antique studies more generally

Byzantine Warfare John Haldon, 2017-03-02 Warfare was an integral part of the operations of the medieval eastern Roman or Byzantine Empire both in its organization as well as in social thinking and political ideology This volume presents a selection of articles dealing with key aspects of Byzantine attitudes to war and violence with military administration and organization at tactical and strategic levels weapons and armaments and war making itself discussions which make an important contribution to answering the questions of how and why the empire survived as long as it did Time and Space in Ancient Myth, Religion and Culture SNF-Projekt, Menelaos Christopoulos, Athina Papachrysostomou, 2017-10-10 From Homer to Sophocles and Greek Middle Comedy and from Plato and Protagoras to Ovid this volume features a panoramic and cross generic overview of the diverse handling and ad hoc elaboration of the overarching literary notions of time and space The twenty one contributions of this volume written by an international group of esteemed scholars provide an equal number of hermeneutic approaches to individual distinct aspects of Greek and Latin literature The volume is purposely designed not as a linear display of knowledge but rather as an anthology of select paradigms that aim to demonstrate the multidimensional function and multifaceted role of the twin notions of time and space throughout ancient Greek and Latin literary texts The volume opens with analyses of conspicuous cases from epic poetry proceeds with examples from drama tragedy and comedy and concludes with diverse instances of chronotopes empirical imaginary and even shifting ones in various literary genres The volume is of greatest relevance since it meets the cultural and theoretical trends of today's Classics It therefore will attract not only the interest of specialised Classicists but it is also intended for a wider general readership **Roman Architecture** Janet DeLaine, 2024-05-09 Roman Architecture casts new light not only on many familiar monuments of the city of Rome but also on less well known examples from across the Roman empire Rome and its empire were fundamental to the

development of western architecture and its forms and motifs remain significant elements of our own built environments

Roman Architecture places the varied architecture of ancient Rome from its humble apartment blocks to its grand public structures within the broader context of Roman society It takes as its starting point the writings of the Roman architect Vitruvius as one voice in a broader contemporary debate about the nature and value of architecture What did the Romans themselves think architecture was for What was built by whom and why How was architecture represented in text and image The interplay of type and variation that are the hallmark Roman architecture are here traced back to the human actions and choices from which they originated Janet DeLaine explores how the desires of patrons for novelty and individuality were met by architects and builders working within the practical constraints of available materials and the moral prescriptions of religious and social norms to create new forms Ranging from early Rome to the late empire this volume casts new light on many familiar monuments of the city of Rome but also on less well known examples from across the empire Through an examination of the key types of buildings at the heart of Roman society and their decoration it reveals the symbolic meaning of architecture in terms of competitive power displays and commemoration and it explores how architecture helped to define being Roman at different times and in different places of the empire

Negotiating Cultural Identity Himanshu Prabha Ray, 2017-09-19 This volume breaks new ground by conceptualizing landscape as a dynamic cultural complex in which the natural world and human practice are inextricably linked and are constantly interacting It examines the social and cultural construction of space in the early medieval period in South Asia as manifest in society religious architecture and as shaped through trade and economic transactions

British Representations of the Middle East in the Exhibition Space, 1850-1932 Holly O'Farrell, 2023-11-10 This volume analyses British exhibitions of Middle Eastern particularly ancient Egyptian and Persian artefacts during the nineteenth and early twentieth centuries examining how these exhibitions defined British self image in response to the Middle Eastern other This study is an original interpretation of the exhibition space along intersectional constructionist lines revealing how forces such as gender race morality and space come together to provide an argument for British supremacy The position of museums as instruments of representation of display made them important points of contact between the British national imperialist scheme and the public Displays in the British Museum Victoria and Albert Museum and Burlington House provide a focus for analysis Through the employment of a constructionist lens the research outlines a complex relationship between British society and the Middle Eastern artefacts presented in museums during the nineteenth and early twentieth centuries This allows a dialogue to emerge which has consequences for both societies which is achieved through intersections of gender race and morality in space This book will be of value to students and scholars alike interested in museology cultural studies history and art history

HISTORICAL ESSAYS EDWARD A FREEMAN, 1896

Historical Essays Edward Augustus Freeman, 1875

Christian Origins and Greco-Roman Culture Stanley E. Porter, Andrew W. Pitts, 2013 In *Christian Origins and Greco Roman Culture* Stanley Porter and Andrew Pitts

assemble an international team of scholars whose work has focused on reconstructing the social matrix for earliest Christianity through the use of Greco Roman materials and literary forms Each essay moves forward the current understanding of how primitive Christianity situated itself in relation to evolving Hellenistic culture Some essays focus on configuring the social context for the origins of the Jesus movement and beyond while others assess the literary relation between early Christian and Greco Roman texts

Brodsky Abroad Sanna Turoma, 2010-05-26 Expelled from the Soviet Union in 1972 and honored with the Nobel Prize fifteen years later poet Joseph Brodsky in many ways fit the grand tradition of exiled writer But Brodsky's years of exile did not render him immobile though he never returned to his beloved Leningrad he was free to travel the world and write about it In Brodsky Abroad Sanna Turoma discusses Brodsky's poems and essays about Mexico Brazil Turkey and Venice Challenging traditional conceptions behind Brodsky's status as a leading migr poet and major descendant of Russian and Euro American modernism she relocates the analysis of his travel texts in the diverse context of contemporary travel and its critique Turoma views Brodsky's travel writing as a response not only to his exile but also to the postmodern and postcolonial landscape that initially shaped the writing of these texts In his Latin American encounters Brodsky exhibits disdain for third world politics and invokes the elegiac genre to reject Mexico's postcolonial reality and to ironically embrace the romanticism of an earlier Russian and European imperial age In an essay on Istanbul he assumes Russia's ambiguous position between East and West as his own to negotiate a distinct and controversial interpretation of Orientalism And Venice the emblematic tourist city becomes the site for a reinvention of his lyric self as more fluid hybrid and cosmopolitan Brodsky Abroad reveals the poet's previously uncharted trajectory from alienated dissident to celebrated man of letters and offers new perspectives on the geopolitical philosophical and linguistic premises of his poetic imagination

Written Space in the Latin West, 200 BC to AD 300 Gareth Sears, Peter Keegan, Ray Laurence, 2013-07-18 This volume explores the creation of written spaces through the accretion of monumental inscriptions and non official graffiti in the Latin speaking West between c 200 BC and AD 300 The shift to an epigraphic culture demonstrates new mentalities regarding the use of language the relationship between local elites and the population and between local elites and the imperial power The creation of both official and non official inscriptions is one of the most recognisable facets of the Roman city The chapters of this book consider why urban populations created these written spaces and how these spaces in turn affected those urban civilisations They also examine how these inscriptions interacted to create written spaces that could inculcate a sense of Roman ness into urban populations whilst also acting as a means of differentiating communities from each other The volume includes new approaches to the study of political entities social institutions graffiti and painting and the differing trajectories of written spaces in the cities of Roman Africa Italy Spain and

Gaul **Public Space in the Late Antique City (2 vols.)** Luke Lavan, 2021-01-11 This book investigates the nature of public space in Mediterranean cities A D 284 650 meaning places where it was impossible to avoid meeting people from all parts of society whether different religious confessions or social groups The first volume considers the architectural form and everyday functions of streets fora agorai market buildings and shops including a study of processions and everyday street life The second volume analyses archaeological evidence for the construction repair use and abandonment of these urban spaces based on standardised principles of phasing and dating The conclusions provide insights into the urban environment of Constantinople an assessment of urban institutions and citizenship and a consideration of the impact of Christianity on civic life at this time Perspectives on Public Space in Rome, from Antiquity to the Present Day Dr Jan Gadeyne, Professor Gregory Smith, 2013-05-28 This volume provides readers interested in urban history with a collection of essays on the evolution of public space in that paradigmatic western city which is Rome Scholars specialized in different historical periods contributed chapters in order to find common themes which weave their way through one of the most complex urban histories of western civilization Divided into five chronological sections Antiquity Middle Ages Renaissance Baroque Modern and Contemporary the volume opens with the issue of how public space was defined in classical Roman law and how ancient city managers organized the maintenance of these spaces before moving on to explore how this legacy was redefined and reinterpreted during the Middle Ages The third group of essays examines how the imposition of papal order on feuding families during the Renaissance helped introduce a new urban plan which could satisfy both functional and symbolic needs The fourth section shows how modern Rome continued to express strong interest in the control and management of public space the definition of which was necessarily selective in this vastly extensive city The collection ends with an essay on the contemporary debate for revitalizing Rome s eastern periphery Through this long term chronological approach the volume offers a truly unique insight into the urban development of one of Europe s most important cities and concludes with a discuss of the challenges public space faces today after having served for so many centuries as a driving force in urban history An Essay on the Prophecies Relating to the Messiah John Maclaurin, 1773
