

Guiding Questions Act IV

1. The use of **dramatic irony** makes the audience feel suspense and subsequently builds tension. Discuss any instances and implications of dramatic irony in act IV. How does dramatic irony function to build tension in any of the scenes? (1 paragraph, 7-9 sentences. Use at least two citations in your response).
 2. **Foreshadowing** is the act of presenting materials that hint at events to occur later in a story. When Juliet first sees Romeo in Act I, she says to her nurse, "O, tell his name;— If he be married, / My grave is like to be my wedding bed". Discuss any instances of foreshadowing either coming to fruition or leading into the next and final act. (1 paragraph, 7-9 sentences. Use at least two citations in your response).
 3. A **simile** is a comparison using like or as. Capulet says of Juliet that "Death lies on her like an untimely frost / Upon the sweetest flower of all the field" (4.3). What is being compared to a flower in this simile? What is being compared to frost? Discuss the extended metaphor in Act IV and how this analogy indicates Capulet's feelings towards his daughter. (1 paragraph, 7-9 sentences. Use at least two citations in your response).
- To cite the play use R. to signal more than line (i.e. R. 34-35) and act I. to signal one time (i.e. 1.4).
