# Physical Education K-12 practice test questions and answers with complete solutions

The British tradition of fair play is used by educators in physical education programs to promote <a href="#">✓</a> sportsmanship in students.

Using national and state standards to guide effective development of a curriculum will ideally result in a program that 
√√reflects continuity and coherence across the K-12 scope.

In a 4th-grade class, a physical education teacher groups students into sets of two to work together. One student identifies the source of mistakes made by the second student. On the teacher's predetermined signal, the students switch roles. Based on this information, which of the following curriculum models is the teacher using? 

Ver Teaching Model

Which of the following best illustrates a benefit that physical education students receive from cross-curricular links? 

√√increased awareness by students of the relevance of all subjects

In the attribution motivational theory, teachers would most prefer their students to  $\sqrt{\sqrt{ascribe}}$  their successes and failures to factors within their own control.
