Watson, 2003-05-02 On April 20 1999 Eric Harris and Dylan Klebold killed twelve fellow students and one teacher at Columbine High School in Littleton Colorado Two of the victims of the Columbine massacre Cassie Bernall and Rachel Scott reportedly were asked by the gunmen if they believed in God Both supposedly answered Yes and were killed Within days of their death Cassie and Rachel were being hailed as modern day martyrs and are seen by many American evangelicals as the sparks of a religious revival among teenagers Cassie and Rachel as innocents martyred for faith also became useful symbols for those seeking to advance a conservative political agenda and to lay the blame for Columbine at the feet of their liberal opponents According to police investigators however Cassie and Rachel may never have been asked by their killers about God They may have been simply victims of a senseless crime rather than martyrs to a cause *The Martyrs of Columbine* provides a careful examination of the available evidence and attempts to discover what really occurred Despite these questions the martyr stories continued to be told and the religious and political use of Cassie and Rachel continues The popular significance of the martyrs of Columbine persists and may even be growing How and why is this happening *The Martyrs of Columbine* is a groundbreaking investigation of what this tragedy has come and will come to mean in American

Love to Hate Jody Roy, 2002-08-27 Why is the simple impulsive question we ask when confronted by horrible acts of hatred and violence Why do students shoot fellow students or employees their coworkers Why do mothers drown their children or husbands stalk and kill their wives Love to Hate challenges us to turn this question upon ourselves at a deeper level Why as a culture are we so fascinated by these acts Why do we bestow celebrity on the perpetrators while allowing the victims to fade into a second death of obscurity Are we as Pope John Paul II famously accused a culture of death And if so how can we break free of this unacknowledged aspect of the cycle of violence Unlike those who point solely to media imagery splintered families or lax gun control laws in search of the roots of America's endemic violence Jody M Roy suggests that we all must be held responsible She argues that we reveal our love affair with hatred and violence in the ways we think and speak in our daily lives and in our popular culture The very words we use function as building blocks of callousness and contempt betraying our immersion in subtexts of violence and hatred These subtexts are further revealed in our complex attitudes toward street gangs school shooters serial killers and hate groups and the paroxysms of violence they unleash As spectators driven by our impulse to watch we become an integral part of the equation of violence In the book's final section Freeing Ourselves of Our Obsession with Hatred and Violence Roy offers practical steps we can take as parents consumers and voters to free ourselves from linguistic and cultural complicity and to help create in America a culture of life

The Murder of Harriet Monckton Elizabeth Haynes,2018-09-28 From the award winning and bestselling author of Into the Darkest Corner comes a delicious Victorian crime novel based on a true story that shocked and fascinated the nation On 7th November 1843 Harriet Monckton 23 years old and a woman of respectable parentage and religious habits is found murdered in the privy behind the chapel she regularly attended in Bromley Kent The community is appalled by her death apparently as a result of swallowing a fatal dose of prussic acid and even more so when the surgeon reports that Harriet was around six months pregnant Drawing on the coroner s reports and witness testimonies Elizabeth Haynes builds a compelling picture of Harriet s final hours through the eyes of those closest to her and the last people to see her alive Her fellow teacher and companion her would be fianc her seducer her former lover all are suspects each has a reason to want her dead

Davis, 2000-12 Selected articles from magazines newspapers and journals covering topics in social psychology **School, Society, Nation** Rajni Kumar, Anil Sethi, Shalini Sikka, 2006 This book is an anthology that deals with the problems and challenges of contemporary Indian education This volume has 20 essays by eminent persons that discuss child oriented ideas regarding curricula books and the learning processes Many writers in this book speak from a lifetime of engagement with education about issues as varied as globalisation and its impact on education to the importance of educational methods that do not discriminate between boys and girls the disabled and the non disabled the rich and the poor This book does not aim to merely report current educational research and pertinently seeks to promote debate on difficult issues confronting us in education **Schools where Everyone Belongs** Stan Davis, Julia Davis, 2007 This book describes how educators can help to create safe inclusive school environments for our children *The Heart* Roy F. Berina, 2010-01-04 With the intolerable deterioration of our moral fabric bringing us to the point that right is wrong and wrong is right a dire necessity exists not only to curtail such regress but to set things on the proper course The heart which governs morality of human thought and action is summoned to act as the guide out of this rut and onto the path of righteousness and fair treatment of each other In the pursuit of truth and justice the Moral Code which is comprised of the Last Six Commandments the Friend Rule the Golden Rule and the Spare the Rod Spoil the Child Rule is therefore proposed as the just Rule of the Land This then is utilized as the foundation to achieving morally correct conclusions or courses of action to social problems issues or difficulties that we encounter especially in these morally trying times An important application of this concept is in our governance The good heart has guided us to an amazing conclusion that the ideal form of government is that which is based on the Moral Code the ideal Rule of the Land and Participative Democracy the ideal form of democracy which completely satisfies the requirements of the people by the people and for the people rather than the form of government based on the Legal Code a flawed and harmful code set and Representative Democracy a faulty dangerous and costly imitation of Participative Democracy We the people are therefore urged by this revelation to wake up from this detrimental governmental slumber and empower ourselves by declaring independence of the current system and by instituting the ideal form of government This land belongs to us and to no one else and its future rests solely on our participation in this overwhelming but absolutely necessary endeavor Wake Up Rise Up Participate
