Universal Remote Control

Programming And Operating Instructions

To have a clearer idea of the features and capabilities of your remote control, take a moment to read these instructions. Save for future reference.

© 2005, Carter Holdings, LLC. Rev. 08-05

1. Introduction

Your universal remote control is simple to program, easy to use, and can operate up to five (5) devices, which include:

SAT	Satellite receivers
TV	Televisions
VCR	VCR
DVD	DVD
AUDIO	Audio receivers, amplifiers, CD players

Before you can use your remote control, it must be programmed (set-up) to operate the above devices.

2. Before Getting Started

Some of the special features and buttons on your remote control are as follows:

Point and Press® Programming

Lets you program your TV, VCR, DVD, AUDIO devices without codes. For more information, see Sections 5 and 15.

Memory Guard®

Eliminates reprogramming after battery changes.

Time Out

Shuts remote off if any button is pressed and held for 30 seconds. This extends battery life in the event the remote becomes lodged under or between heavy objects.

3. Installing / Replacing Batteries

Install two (2) new "AAA" alkaline batteries as indicated by the diagram in the battery compartment.

When the batteries become low and need to be replaced, the [SAT], [TV], [VCR], [DVD], [AUDIO] buttons will not illuminate normally or at all during use.

When this happens, replace the existing batteries with two (2) new "AAA" alkaline batteries to restore normal operation to the remote control.

4. Programming Your TV, VIDEO, AUDIO Devices

Code-Entry Programming

1. Turn on all the electronic devices (TV, VCR, DVD, AUDIO) you want to program the remote to operate.
2. Press [ENTER], then [MUTE] together until the power / mode buttons illuminate in slow-rotation (i.e. SAT → TV → VCR → DVD → AUDIO → SAT...).
3. a. To program your TV, locate the 3-digit code for your brand in the TV Setup Code list and enter it on the keypad of the remote control. Entry of the correct code will cause your TV to turn off. If multiple codes are listed for your brand, you may have to enter several different codes until your TV turns off.
b. As soon as you have entered a 3-digit code that turns your TV off, press [MUTE].
1. If the TV turns back on, press [ENTER] to lock in the code. The power / mode buttons will blink 3-times and go out.
Or
2. If the TV does not turn back on, enter a different 3-digit setup-code until your TV turns back on. Then press [ENTER] to lock in the code. The power / mode buttons will blink 3-times and go out.
4. To program your VCR or DVD, refer to the VCR / DVD Setup Code lists and repeat steps 2 and 3 above.
5. To program your AUDIO-devices, refer to the AUDIO Setup Code list and repeat steps 2 and 3 above.

Point and Press® Programming

This method allows you to program the remote control without using codes. Instead, the remote control automatically finds the correct command that you select in a variety of codes until you find the code that operates your device. You then lock in the correct code as described below.

Rt U50 Dsr Remote Manual

S Marginson

Rt U50 Dsr Remote Manual:

Fuel your quest for knowledge with Authored by is thought-provoking masterpiece, **Rt U50 Dsr Remote Manual** . This educational ebook, conveniently sized in PDF (*), is a gateway to personal growth and intellectual stimulation. Immerse yourself in the enriching content curated to cater to every eager mind. Download now and embark on a learning journey that promises to expand your horizons. .
