Rule Of Law

Anthony S. Mathews

Rule Of Law :

Handbook on the Rule of Law Christopher May, Adam Winchester, 2018-08-31 The discussion of the norm of the rule of law has broken out of the confines of jurisprudence and is of growing interest to many non legal researchers A range of issues are explored in this volume that will help non specialists with an interest in the rule of law develop a nuanced understanding of its character and political implications It is explicitly aimed at those who know the rule of law is important and while having little legal background would like to know more about the norm

The Rule of Law in America Ronald A. Cass, 2001 Drawing upon extensive experience in law government service teaching and research Ronald Cass offers a contribution to the ongoing public discussion on law and society After opening his discussion with chapters on the rule of law in American society Cass turns to the hard case of its application to the president of the United States Through this prism Cass examines the behavior of judges who may not always act according to a perfect model This book provides a corrective to criticism of the American legal system raised all too frequently by some members of the academy Rather than concentrating on relatively minor inconsistencies in the law and slight departures from the ideal of perfectly constrained decision making Cass argues that the energies of his fellow scholars could be better spent on more serious defects in the legal system With a special section on the 2000 presidential election including the Florida recount and Supreme Court decision The rule of law in America offers a look at a subject of interest to legal scholars and general readers alike

The Cambridge Companion to the Rule of Law Jens Meierhenrich, Martin Loughlin, 2021-08-12 The Cambridge Companion to the Rule of Law introduces students scholars and practitioners to the theory and history of the rule of law one of the most frequently invoked and least understood ideas of legal and political thought and policy practice It offers a comprehensive re assessment by leading scholars of one of the world's most cherished traditions This high profile collection provides the first global and interdisciplinary account of the histories moralities pathologies and trajectories of the rule of law Unique in conception and critical in its approach it evaluates breaks down and subverts conventional wisdom about the rule of law for the twenty first century

The Rule of Law in Comparative Perspective Mortimer Sellers, Tadeusz Tomaszewski, 2010-07-23 This volume compares the different conceptions of the rule of law that have developed in different legal cultures It describes the social purposes and practical applications of the rule of law and how it might be improved in the varied circumstances

Relocating the Rule of Law Gianluigi Palombella, Neil Walker, 2008-12-18 In this set of interdisciplinary essays leading scholars discuss the future of the Rule of Law a concept whose meaning and import has become ever more topical and elusive Historically the term denoted the idea of government limited by law It has also come to be equated more broadly with certain goods suggested by the idea of legality as such including the preservation of human dignity and other individual and social benefits predicated upon or conducive to a rule based social order But in both its narrow and broader senses the Rule of Law remains a much contested concept These essays seek to capture the main areas and levels of controversy by

relocating the Rule of Law not just at the philosophical level but also in its main contemporary arenas of application both national and increasingly supranational and international

Rule of Law in China Katrin Blasek, 2014-11-01 This book analyzes in detail differing interpretations of the rule of law in Western legal systems and in the People's Republic of China. As the rule of law is seen by many as a prerequisite for China's future development, politicians, activists, and entrepreneurs from China and from the West alike have long been calling for adherence to this principle which is constitutive of Western democracies. All these groups use the same words but do they truly share the same idea? In order to address this question, the book compares the Rule of Law with Chinese characteristics as propagated by Chinese leaders and in official Chinese publications to different applications of the rule of law as it is understood in Western civilization. In particular, the author takes a closer look at the implementations of recognized core elements of the rule of law in representative Western countries which include the separation of power, the supremacy of law, the protection of fundamental rights, and the independence of the justice system.

Globalisation and the Rule of Law Spencer Zifcak, 2004-08-02 Globalisation and the Rule of Law reassesses the idea of the rule of law within the present complex and increasingly internationalized environment. There have been many books studying the phenomenon of globalization and its economic, social, or cultural consequences. This book, however, is the first to relate globalization exclusively to law. It examines the impact of globalization upon the rule of law, a fundamental value within liberal democratic sovereign states. The book opens with three chapters discussing the theory of the rule of law and its necessary reconceptualization in a global environment. Then, in three sections considering global trade, security, and human rights, it proposes new ways of thinking about global law and its application in new and existing institutions of global governance. Contributors include top-flight academics, politicians, and judges, making this book significant and relevant in both jurisprudential theory and political practice.

Institutional Supports for the International Rule of Law Charles Sampford, Ramesh Thakur, 2014-08-27 The rule of law is widely seen as the cornerstone of any effective polity and increasingly a vital component of the international political system. If the international rule of law were to be strengthened, it would greatly contribute to trade, security, human rights, and global cooperation in a range of fields. Yet in many areas, the rule of law seems almost absent in international affairs. This book explores the institutions that support the effectiveness of the rule of law domestically. It focuses on the extent to which similar institutions already exist at the international level and analyses the possibility of their further development. The authors speculate on how the international rule of law might be advanced in the future, thereby suggesting potential strategies for strengthening the international rule of law. Adopting an interdisciplinary approach and combining the fields of international relations, politics, and law, this book covers a range of institutions including the UN Security Council, International Court of Justice, Human rights machinery, Regional human rights, International Criminal Court, World Trade Organization, International Tribunal for the Law of the Sea, UN Department of Peacekeeping Operations. It will be of strong interest to students and scholars of international relations, international

organisations global governance international law migration law international peace and security law applied ethics political economy political science and sociology **Transitional Justice and Rule of Law Reconstruction** Padraig McAuliffe, 2013-06-26 This short and accessible book is the first to focus exclusively on the inter relation between transitional justice and rule of law reconstruction in post conflict and post authoritarian states In so doing it provides a provocative reassessment of the various tangled relationships between the two fields exploring the blind spots contradictions and opportunities for mutually beneficial synergies in practice and scholarship between them Though it is commonly assumed that transitional justice for past human rights abuses is inherently conducive to restoring the rule of law differences in how both fields conceptualise the rule of law the scope of transition and obligations to citizens have resulted in divergent approaches to transitional criminal trial international criminal law restorative justice and traditional justice mechanisms Adopting a critical comparative approach that assesses the experiences of post authoritarian and post conflict polities in Latin America Asia Europe and Africa undergoing transitional justice and justice sector reform simultaneously it argues that the potential benefits of transitional justice are exaggerated and urges policy makers to rebalance the compromises inherent in transitional justice mechanisms against the foundational demands of rule of law reconstruction This book will be of interest to scholars in the fields of transitional justice rule of law legal pluralism and peace building concerned by the failure of transitional justice to leave a positive legacy to the justice system of the states where it operates This is a bold and nuanced scrutiny of the international system's approach to transitional justice and the much vaunted rule of law project Dr McAuliffe should be congratulated for this well researched book which should be a must read for not only scholars and researchers in transitional justice and peace and conflict studies but also policy makers in the international system Dr Hakeem O Yusuf Senior Lecturer University of Strathclyde and author of Transitional Justice Judicial Accountability and the Rule of Law *The Rule of Law in Developing Countries* Chowdhury Ishrak Ahmed Siddiky, 2018-02-12 Bangladesh one of the most densely populated countries in the world and second in South Asia is known for its natural disasters floods and political violence However the country plans to become a middle income country by 2020 due to rapid economic growth led by strong and vibrant garments and pharmaceutical sectors A developing country Bangladesh cannot reach its true potential if there is a weak legal system and the executive have no regard for the rule of law This book discusses and analyses the legal system of Bangladesh It studies the various weaknesses and whether the judiciary of the country is really independent International experts scholars and lawyers with significant experience of working in Bangladesh and at international agencies and universities examine the role of the judiciary in maintaining the rule of law in the country and the critical role it can play in strengthening democracy The chapters show the various roles played by the judiciary in promoting its independence and thereby strengthening democracy in the country The first book to analyse the role of the judiciary and the various weaknesses in the legal system of Bangladesh it is a relevant case study in the context of developing countries The

problems found in the legal system of Bangladesh prevail in most of the developing countries in Asia Africa and Latin America The book will be of interest to academics in the field of development studies South Asian Studies and Asian Law

Rule of Law vs Majoritarian Democracy Giuliano Amato,Benedetta Barbisan,Cesare Pinelli,2021-08-26 What is more paradoxically democratic than a people exercising their vote against the harbingers of the rule of law and democracy What happens when the will of the people and the rule of law are at odds Some commentators note that the presence of illiberal political movements in the public arena of many Western countries demonstrates that their democracy is so inclusive and alive that it comprehends and countenances even undemocratic forces and political agendas But what if on the contrary these were the signs of the deconsolidation of democracy instead of its good health What if democratically elected regimes were to ignore constitutional principles representing the rule of law and the limits of their power With contributions from judges and scholars from different backgrounds and nationalities this book explores the framework in which this tension currently takes place in several Western countries by focusing on four key themes The Rule of Law presenting a historical and theoretical reconstruction of the evolution of the Rule of Law The People dealing with a set of problems around the notion of people and the forces claiming to represent their voice Democracy and its enemies tackling a variety of phenomena impacting on the traditional democratic balance of powers and institutional order Elected and Non Elected focusing on the juxtaposition between judges and more generally non representative bodies and the people s representation The Development of the Rule of Law in ASEAN Imelda Deinla,2017-06-29 An interdisciplinary work on regional integration and the rule of law in ASEAN and the emergence of a soft regulatory regime **A Rule of Law for Our New Age of Anxiety** Stephen J Tooze,2023-06 In an age of anxiety Tooze makes the case for a revitalised rule of law to bolster collective resilience and restore our capacity to build healthier societies A pragmatic approach to the rule of law recognises its ability to chasten power while not disconnecting law from other sources of social action and human agency **Reconceptualising the Rule of Law in Global Governance, Resources, Investment and Trade** Photini Pazartzis,Maria Gavouneli,2016-06-30 The relevance and importance of the rule of law to the international legal order cannot be doubted and was recently reaffirmed by the Declaration of the High level Meeting of the General Assembly on the Rule of Law at the National and International Level s solemn commitment to it on behalf of states and international organizations In this edited collection leading scholars and practitioners from the fields of global governance resources investment and trade examine how the commitment to the rule of law manifests itself in the respective fields The book looks at cutting edge issues within each field and examines the questions arising from the interplay between them With a clear three part structure it explores each area in detail and addresses contemporary challenges while trying to assure a commitment to the rule of law The contributions also consider how the rule of law has been or should be reconceptualised Taking a multi disciplinary approach the book will appeal to international lawyers from across the spectrum including practitioners in the field of international

investment and trade law **Permanent States of Emergency and the Rule of Law** Alan Greene, 2018-04-05 Permanent States of Emergency and the Rule of Law explores the impact that oxymoronic permanent states of emergency have on the validity and effectiveness of constitutional norms and ultimately constituent power It challenges the idea that many constitutional orders are facing permanent states of emergency due to the objective nature of threats facing modern states today arguing instead that the nature of a threat depends upon the subjective assessment of the decision maker In light of this it further argues that robust judicial scrutiny and review of these decisions is required to ensure that the temporariness of the emergency is a legal question and that the validity of constitutional norms is not undermined by their perpetual suspension It does this by way of a narrower conception of the rule of law than standard accounts in favour of judicial review of emergency powers in the literature which tend to be based on the normative value of human rights In so doing it seeks to refute the fundamental constitutional challenge posed by Carl Schmitt that all state power cannot be constrained by law

The Rule of Law and the Separation of Powers Richard Bellamy, 2017-07-05 The rule of law is frequently invoked in political debate yet rarely defined with any precision Some employ it as a synonym for democracy others for the subordination of the legislature to a written constitution and its judicial guardians It has been seen as obedience to the duly recognised government a form of governing through formal and general rule like laws and the rule of principle Given this diversity of view it is perhaps unsurprising that certain scholars have regarded the concept as no more than a self congratulatory rhetorical device This collection of eighteen key essays from jurists political theorists and public law political scientists aims to explore the role law plays in the political system The introduction evaluates their arguments The first eleven essays identify the standard features associated with the rule of law These are held to derive less from any characteristics of law per se than from a style of legislating and judging that gives equal consideration to all citizens The next seven essays then explore how different ways of separating and dispersing power contribute to this democratic style of rule by forcing politicians and judges alike to treat people as equals and regard none as above the law **Towards the Rule of Law in China** Weidong Ji, 2022-03-03 Growing up in China while educated in Japan and the US the author has in the past few decades both witnessed and actively participated in the historical process of legal transformations in contemporary China Through a series of academic contributions as well as meetings activities and memberships with policymakers and practitioners the author has spared no effort in applying his theoretical scholarship to real concrete practices He has made significant contributions to the building of a rule of law system in China with great social influences The publishing of this book is to share with English speaking readers his insights experiences and practices related to the institutional undertaking of building the rule of law in China It offers a legal perspective on some of the cutting edge issues in our society at large e g risk and uncertainty AI network the COVID 19 pandemic and big data *Promoting the Rule of Law in Post-Conflict States* Laura Grenfell, 2013-07-11 Laura Grenfell critically evaluates how the rule of law is contextualized and promoted in states

where customary law is prevalent **Legal Method and the Rule of Law** Sebastián Urbina,2002-08-31 We cannot see the world as it is because we face it in a contaminated vein That is our conceptual scheme and biological constitution condition our world view The legal normative world we are dealing with has some special features like the primacy of practical reason over theoretical reason and the primacy of the internal point of view over the external point of view Although it is not a feature of all legal traditions legal dogmatics is a privileged way of knowing legal normative object that is our legal orders But we are not undertaking as legal scholars an empiricist enterprise because among other reasons we are not interested in the reality in itself but in the relevant reality at least for us In this respect we do not only depend on theories like physicists but also on legal authoritative sources that is power and legitimacy Legal scholars and other participants in the legal life are not neutral observers of their own world trying to discover some hidden truth They are committed experts trying to describe justify and improve the legal order **Freedom, State Security, and the Rule of Law** Anthony S. Mathews,1986-01-01

Rule Of Law Introduction

In the digital age, access to information has become easier than ever before. The ability to download Rule Of Law has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rule Of Law has opened up a world of possibilities. Downloading Rule Of Law provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rule Of Law has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rule Of Law . These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rule Of Law . Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rule Of Law , users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Rule Of Law has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Rule Of Law Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Rule Of Law is one of the best book in our library for free trial. We provide copy of Rule Of Law in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Rule Of Law . Where to download Rule Of Law online for free? Are you looking for Rule Of Law PDF? This is definitely going to save you time and cash in something you should think about.
