Alzog,1902 Manual of Universal Church History John Alzog,1903 **The Mother of God in the Theology of Sergius Bulgakov** Walter Nunzio Sisto,2017-10-25 This book explores the Mariology of one of the most unique and fascinating thinkers in the Russian Orthodox tradition Father Sergius Bulgakov Bulgakov develops the Russian sophianic mariological tradition initiated by Vladimir Soloviev and argues that Mary is the soul of the world or the pneumatological hypostasis Mary is the first and greatest disciple to be adopted by the Holy Spirit By situating Mary within the life and mission of the Holy Spirit Bulgakov maintains the respect and veneration that Orthodox Christians have for Mary but also places Mary squarely within the community of disciples Mary is a model disciple who reveals that the goal of the spiritual life spiritual motherhood In addition this text reveals the relevance and importance of Bulgakov's contribution to the contemporary discussion about the role of Mary in the history of salvation **Law and the Christian Tradition in Modern Russia** Paul Valliere,Randall Poole,2021-09-15 This book authored by an international group of scholars focuses on a vibrant central current within the history of Russian legal thought how Christianity and theistic belief generally has inspired the aspiration to the rule of law in Russia informed Russian philosophies of law and shaped legal practices Following a substantial introduction to the phenomenon of Russian legal consciousness the volume presents twelve concise non technical portraits of modern Russian jurists and philosophers of law whose thought was shaped significantly by Orthodox Christian faith or theistic belief Also included are chapters on the role the Orthodox Church has played in the legal culture of Russia and on the contribution of modern Russian scholars to the critical investigation of Orthodox canon law The collection embraces the most creative period of Russian legal thought the century and a half from the later Enlightenment to the Russian emigration following the Bolshevik Revolution This book will merit the attention of anyone interested in the connections between law and religion in modern times Between the Icon and the Idol Artur Mrowczynski-Van Allen,2013-11-14 The totalitarian state clearly intends to eliminate all those forms of organic community that rival the absolute loyalty of the individual to the state This god is a jealous god Mrowczynski Van Allen's diagnosis is therefore no less relevant after the fall of the Berlin Wall And his proposed cure is no less salutary He appeals to the work of Grossman and other voices from the East to oppose the idolatry of the deified self with the icon which opens up a distance in which giving and forgiving can occur Eastern voices are so helpful because they refuse to quarantine theological questions the borders between theology politics and literature are fluid and porous because they are all a part of an integrated life The holism of totalitarianism must be opposed by another kind of holism that replaces the idol with the icon At the same time the aspiration of secularism to separate politics from theology and power from love must be opposed by a politics based on an opening of human persons to God and to each other the kind of self donation found in Grossman and for Christians on the Cross From the Foreword by William T Cavanaugh

Philosophy in Russia Frederick Copleston,2010-01-07 Philosophy in Russia covers its subject broadly and in detail from the eighteenth century to Lenin and beyond into the post Stalin period It offers a continuous history of the development of

philosophical thought in Russia and portraits of individual and influential thinkers The author devotes careful analysis to radicals such as Bakunin Herzen Chernyshevsky and Lavrov and to the Marxists such as Plekhanov and Lenin He also discusses the thought of writers such as Kireevsky Leontiev and Solovyev and examines the philosophically relevant ideas of Dostoevsky and Tolstoy He also discusses Russian thinkers in exile such as Berdyaev Frank N O Lossky and Shestov For historical reasons philosophical thought in Russia has tended to become socially or politically committed thought To what extent genuine philosophical thought has proved to be compatible with the monopoly enjoyed by Marxism Leninism in the fields of education and publishing is a crucial question discussed in this authoritative study Stolen Churches or Bridges to Orthodoxy? Vladimir Latinovic, Anastacia K. Wooden, 2021-02-02 Throughout their shared history Orthodox and Eastern Catholic Churches have lived through a very complex and sometimes tense relationship not only theologically but also politically In most cases such relationships remain to this day indeed in some cases the tension has increased In July 2019 scholars of both traditions gathered in Stuttgart Germany for an unprecedented conference devoted to exploring and overcoming the division between these churches This book the first in a two volume set of the essays presented at the conference explores historical and theological themes with the goal of healing memories and inspiring a direct dialogue between Orthodox and Eastern Catholic Churches Like the conference the volume brings together representatives of these Churches as well as theologians from different geographical contexts where tensions are the greatest The published essays represent the great achievements of the conference willingness to engage in dialogue general openness to new ideas and opportunities to address difficult questions and heal inherited wounds *The Irish Ecclesiastical Record* ,1916

Unattainable Bride Russia Ellen Rutten, 2010-03-08 Throughout the twentieth century and continuing today personifications of Russia as a bride occur in a wide range of Russian texts and visual representations from literature and political and philosophical treatises to cartoons and tattoos Invariably this metaphor functions in the context of a political gender allegory which represents the relationships between Russia the intelligentsia and the Russian state as a competition of two male suitors for the former's love In *Unattainable Bride Russia* Ellen Rutten focuses on the metaphorical role the intelligentsia plays as Russia's rejected or ineffectual suitor Rutten finds that this metaphor which she covers from its prehistory in folklore to present day pop culture references to Vladimir Putin is still powerful but has generated scarce scholarly consideration *Unattainable Bride Russia* locates the cultural thread and places the political metaphor in a broad contemporary and social context thus paying it the attention to which it is entitled as one of Russia's modern cultural myths

The Karamazov Correspondence Vladimir S. Soloviev, 2019-09-24 The *Karamazov Correspondence* Letters of Vladimir S Soloviev represents the first fully annotated and chronologically arranged collection of the Russian philosopher poet's most important letters the vast majority of which have never before been translated into English Soloviev was widely known for his close association with Fyodor M Dostoevsky in the final years of the novelist's life and these letters reflect many of the

qualities and contradictions that also personify the title characters of Dostoevsky's last and greatest novel *The Brothers Karamazov*. The selected letters cover all aspects of Soloviev's life ranging from vital concerns about human rights and the political and religious turmoil of his day to matters related to family and friends, his love life and early drafts of his works including poetic endeavors.
