No Apologies From Focus On The Family:

Progressive Sexuality Education Mary Lou Rasmussen, 2015-10-05 This book engages contemporary debates about the notion of secularism outside of the field of education in order to consider how secularism shapes the formation of progressive sexuality education Focusing on the US Canada Ireland Aotearoa New Zealand and Australia this text considers the affinities prejudices and attachments of scholars who advocate secular worldviews in the context of sexuality education and some of the consequences that ensue from these ways of seeing This study identifies and interrogates how secularism infuses progressive sexuality education It asks readers to consider their own investments in particular ways of thinking and researching in the field of sexuality education and to think about how these investments have developed and how they shape existing discourses within the field of sexuality education It hones in on how progressive sexuality education has come to develop in the way that it has and how this relates to conceits of secularism This book prompts a consideration of how progressive scholarship and practice might get in the way of meaningful conversations with students teachers and peers who think differently about the field of sexuality education **Focus on the Family with Dr. James C. Breaking the Silence Ellen Grünkemeier, 2013 South Africa is one of the countries in the world most affected by HIV AIDS and yet until recently the epidemic was barely visible in South African literature Much can be gained from approaching the South African epidemic through creative texts such as novels photographs films cartoons and murals because they produce and circulate meanings of HIV AIDS and its various facets such as its origin transmission routes and physical manifestations Other aspects explored are the denial of HIV AIDS its stigmatisation discriminatory practices modes of disclosure access to anti retroviral medication as well as the role of alternative treatment Creative texts which are open to different and possibly contradictory readings can serve as a starting point to increase the cultural visibility of the virus and to challenge dominant ideas about the epidemic The cultural constructions of HIV AIDS should be carefully examined because the meanings are pervasive and have very real consequences they play a powerful role both in determining which issues receive attention and in shaping public understanding of the virus Define the Relationship Jeramy Clark, Jerusha Clark, 2009-02-04 Ken thinks he and Becky are just having fun together Becky is already picking out bridesmaid dresses Melissa has decided to break up with Tony Tony thinks Melissa is the one Are miscommunications like this unavoidable What's the best way to end a relationship or to take it to a more serious level Chances are you've heard of The Talk Every romantic relationship comes to the point where things need to be defined or redefined Do we become romantically exclusive Is our relationship ready or not ready to move to the next level What are our boundaries and expectations Is it possible to just be friends Getting all the cards on the table Communicating openly and honestly It sounds like a great idea right The tough question is how do you communicate in a way that significantly benefits you both and doesn't leave you dreading those important conversations in the future In *Define the Relationship* you'll find everything you need to know about positively defining and redefining your
