S. Barnett,2015-02-03 Chaos brews just under the surface of Europe after Adam Weiss's surprise attack against the Wolfjager The organization is in turmoil retreating into itself for fear of total destruction It's more than a little frustrating for Alicia who has less patience for bureaucracy than ever If the council's unwillingness to fight back wasn't enough there's also the mystery of the missing Wolfjager there are too many outposts gone and not enough bodies Desperate for progress Alicia joins up with a ragtag group of equally impatient special agents who will show the werewolves what it really feels like to be hunted Adam has problems even without the vigilantes interference He's keeping too many secrets and those closest to him are losing their faith He's promised the werewolves their freedom but his definition of free doesn't seem to match David's Lukas has been relegated to an errand boy and the position doesn't sit well with him Adam's schemes might earn him more enemies than he expected Despite it all the wheels keep turning and no war lasts forever **Project Bloodborn - Book 8** Craig Zerf,2020-09-29 The adventure continues Brenner is not a werewolf He is the result of a secret US Army experiment The creation of a government controlled Super Soldier And no one asked if he wanted to take part So he escaped And for the last fifty years has been living in the backroads and the small unknown towns of America Never aging Searching for a cure At the same time avoiding the dark ops experts who are looking for him But just
