

# INTRODUCTION

The Operations Manual deals with the ways and means of doing things in Quest. It covers the mechanics of fighting, spell casting, giving out experience, and so on.

It is assumed that before reading this, the Game Master has at least a passing familiarity with the material in the Quest Player's Handbook. If not, many of the terms used here will be unfamiliar.

Because of the intrinsic complexity of the game system in Quest, it is impossible to adequately cover all situations. The Game Master is encouraged to work out any solutions needed to problems not covered by the rules in the Operations Manual. While the Game Master should never penalize a player for cleverness, he or she should try to be conservative in his or her rulings, since a too liberal interpretation may wreak havoc with play balance. Don't be afraid to say no!
