Flynn, 2015-04-01 What is a rubric and how are they being used in teacher education and evaluation When did rubrics become ubiquitous in the field of education What impact do rubrics have on students teachers teacher educators and the educational enterprise This book is an edited volume of essays that critically examine the phenomenon of rubrics in teacher education evaluation and education more broadly Rubrics have seen a dramatic rise in use and presence over the past twenty five years in colleges of education and districts across the country Although there is a wealth of literature about how to make rubrics there is scant literature

that explores the strengths and weaknesses of rubrics and the impact the rubric phenomenon is having in reshaping education The chapters included in this edited volume will critically reflect on the contemporary contexts of rubrics and the uses and impact of rubrics in education Since rubrics have become indelible in education it is necessary for a fuller nuanced discussion of the phenomenon Creating a book that explores these aspects of rubrics is timely and fundamental to expanding the discourse on this ubiquitous evaluation tool This book is not meant to be a series of chapters dedicated to best practices for creating rubrics nor is this text meant to present all sides of the rubric discussion Rather this text intends to offer critical polemics about rubrics that can spur greater critical discussion about a phenomenon in education that has largely been unquestioned in the literature

Anti-Oppressive Universal Design for Teachers Diana Ma, 2025-07-09 Anti Oppressive Universal Design for Teachers Building Equitable Classrooms provides a student centered culturally responsive blueprint for building sustainable and just educational practices Marginalized students face complex educational barriers and undoing educational injustice requires intentional practices designed to be explicitly anti oppressive Yet schools continue to adopt trendy one size fits all practices that benefit only some This is not equity Author Diana Ma presents a framework that takes the principles of equity and humanizing pedagogy from anti oppressive theories and the principles of multiplicity and flexible design from Universal Design for Learning UDL Together these principles form a framework designed to dismantle specific systemic oppression The Anti Oppressive Universal Design framework is designed for educators who want to build practices that work for all students The book s flexible design tools will help teachers create anti oppressive and equitable education that frees students to be their full authentic selves in the classroom In addition there are classroom strategies and stories to show how this model benefits both students and teachers providing sustainable alternatives to prescriptive practices *Writing the Classroom* Stephen E. Neaderhiser, 2022-11-21 *Writing the Classroom* explores how faculty compose and use pedagogical documents to establish classroom expectations and teaching practices as well as to articulate the professional identities they perform both inside and outside the classroom The contributors to this unique collection employ a wide range of methodological frameworks to demonstrate how pedagogical genres even ones as seemingly straightforward as the class syllabus have lives extending well beyond the classroom as they become part of how college teachers represent their own academic identities advocate for pedagogical values and negotiate the many external forces that influence the act of teaching *Writing the Classroom* shines a light on genres that are often treated as two dimensional with purely functional purposes arguing instead

that genres like assignment prompts course proposals teaching statements and policy documents play a fundamental role in constructing the classroom and the broader pedagogical enterprise within academia Writing the Classroom calls on experienced teachers and faculty administrators to critically consider their own engagement with pedagogical genres and offers graduate students and newer faculty insight into the genres that they may only now be learning to inhabit as they seek to establish their personal teacherly identities It showcases the rhetorical complexity of the genres written in the service of pedagogy not only for students but also for the many other audiences within academia that have a role in shaping the experience of teaching Contributors Michael Albright Lora Arduser Lesley Erin Bartlett Logan Bearden Lindsay Clark Dana Comi Zack K De Piero Matt Dowell Amy Ferdinandt Stolley Mark A Hannah Megan Knight Laura R Micciche Cindy Mooty Dustin Morris Kate Navickas Kate Nesbit Jim Nugent Lori A Ostergaard Cynthia Pengilly Jessica Rivera Mueller Christina Saidy Megan Schoen Virginia Schwarz Christopher Toth **How to Write an Essay, Grades 6-8** Gabriel
