Financial Accounting using IFRS M.H. Franco Wong, Michelle Hanlon, Robert Magee, Glenn Pfeiffer, 2025-08-14 We wrote this book to equip students with the accounting techniques and insights necessary to succeed in today's global business environment. It reflects our combined experience in teaching financial accounting to students at all levels and in several countries. For anyone who pursues a career in business, the ability to read, analyse, and interpret published financial reports is an essential skill. *Financial Accounting using IFRS* is written for future business leaders who want to understand how financial statements are prepared and how the information in published financial reports is used by investors, creditors, financial analysts, and managers. Our goal is to provide the most engaging, relevant, and accessible textbook available. **TARGET AUDIENCE** *Financial Accounting using IFRS* is intended for use in the first financial accounting course at either the undergraduate or graduate level at universities that want to teach IFRS. U.S. GAAP is not covered. This book balances the preparation of financial statements with their analysis and interpretation. This book accommodates mini courses lasting only a few days as well as extended courses lasting a full semester. *Financial Accounting using IFRS* is real-world oriented and focuses on the most salient aspects of accounting. It teaches students how to read, analyse, and interpret financial accounting data to make informed business decisions. To that end, it consistently incorporates real company data both in the body of each chapter and throughout the assignment material. *CFA Program Curriculum 2017 Level II, Volumes 1 - 6* CFA

Institute, 2016-08-01 Master the practical aspects of the CFA Program Curriculum with expert instruction for the 2017 exam. The same official curricula that CFA Program candidates receive with program registration is now publicly available for purchase. *CFA Program Curriculum 2017 Level II Volumes 1 - 6* provides the complete Level II Curriculum for the 2017 exam with practical instruction on the Candidate Body of Knowledge (CBOK) and how it is applied, including expert guidance on incorporating concepts into practice. Level II focuses on complex analysis with an emphasis on asset valuation and is designed to help you use investment concepts appropriately in situations analysts commonly face. Coverage includes ethical and professional standards, quantitative analysis, economics, financial reporting and analysis, corporate finance, equities, fixed income, derivatives, alternative investments, and portfolio management, organized into individual study sessions with clearly defined Learning Outcome Statements. Charts, graphs, figures, diagrams, and financial statements illustrate complex concepts to facilitate retention, and practice questions with answers allow you to gauge your understanding while reinforcing important concepts. While Level I introduced you to basic foundational investment skills, Level II requires more complex techniques and a strong grasp of valuation methods. This set dives deep into practical application, explaining complex topics to help you understand and retain critical concepts and processes. Incorporate analysis skills into case evaluations. Master complex calculations and quantitative techniques. Understand the international standards used for valuation and analysis. Gauge your skills and understanding against each Learning Outcome Statement.
