contested negotiation between the Thatcher administration and Nissan for the latter's first green field plant in Europe From
the very beginning the plant took Britain's EC EU membership and tariff free access to the single market as a token A
considerable amount of aid including component supplies was provided to attract Japanese investment and to prevent its

to the Japan EC EU trade conflict But the price was paid by Nissan's slump and fall and by trade unions in both countries
failing to keep counterchecks on management Brexit and the fall of Carlos Ghosn were a double blow to Anglo Japanese
