Evaluation of the New York City Police Department Firearm Training and Firearm-Discharge Review Process Bernard D. Rostker, Lawrence M. Hanser, William M. Hix, Carl Jensen, Andrew R. Morral, 2008-06-09 In January 2007 New York City Police Commissioner Raymond W Kelly asked the RAND Corporation to examine the quality and completeness of the New York City Police Department s firearm training program and identify potential improvements in it and in the police department s firearm discharge review process This monograph reports the observations findings and recommendations of that study

The Secret Files: Bill Deblasio, The NYPD, and the Broken Promises of Police Reform Micheal Hayes, 2025-05-13 An unprecedented breakdown of the NYPD s powerful network of police unions pro police lawyers and top brass who work relentlessly to shield police officers from any real accountability For readers of long form hard hitting journalistic expos s like *We Own This City* a compelling look at how we do and don t hold police responsible in America by an award winning progressive reporter covering the NYPD police beat In 2018 reporter Michael Hayes uncovered a major story about how the NYPD was not only turning a blind eye to police misconduct but also allowing hundreds of officers with severe misconduct charges to remain on the force In the aftermath of that story then Mayor Bill de Blasio attempted to reform the department only to abandon his plans While de Blasio may have suffered a political setback it s New Yorkers who are the true victims of this failure to deliver accountability and transparency The state has a law that specifically prevents the public from learning about concealed police records New Yorkers are increasingly distrustful of the police after witnessing their loved ones being targeted brutalized and murdered with near impunity Hayes takes readers inside decades of police corruption and controversial laws chronicling the stories of the families and activists who have had enough He makes a compelling case for the limits of reform in the aftermath of the major Black Lives Matter rallies following the murder of George Floyd and growing calls to defund the police

Gerald P. Fisher, 2006 *Bad Cop* Paul Bacon, 2009-07-01 In 2001 Paul Bacon was a typical young guy in New York overeducated liberal hip a little aimless But when 9 11 came he was galvanized into action Feeling that he had to do something to help his fellow man he raced to Ground Zero where he stood around for several days before finally realizing that he had no skills that were of any use in a crisis So he applied to the fire department and was summarily rejected he was too old they said and he couldn't do any pull ups So he decided to take what was available to him He joined the NYPD *Bad Cop* is Bacon's hilarious and thoughtful memoir of his three years among New York's Finest Beginning with his tenure in the police academy where he's mostly interested in pursuing the lovely cadet Clarabel until he finds a surprising new love in the form of his service 357 it follows him through a reluctant apprenticeship and out onto the streets where the sensitive former graphic designer is transformed into a rough and tumble Harlem beat cop Brimming with great set pieces and amazing characters this is both a love letter and a send up of the squad that keeps New York safe sometimes **Resources for Change** , 1979 *Suspect Communities* Nicole Nguyen, 2019-10-29 The first major qualitative study of countering violent extremism in key U S cities *Suspect Communities* is a powerful reassessment of the U S government's countering violent extremism CVE program that has arisen in major cities across the United States since 2011 Drawing on an interpretive qualitative study it examines how the concept behind CVE aimed at combating homegrown terrorism by engaging Muslim community members teachers and religious leaders in monitoring and reporting on young people has been operationalized through the everyday work of CVE actors from high level national security workers to local community members with significant penalties for the communities themselves Nicole Nguyen argues that studying CVE provides insight into how the drive to bring liberal reforms to contemporary security regimes through community driven and ideologically ecumenical programming has in fact further institutionalized anti Muslim racism in the United States She forcefully contends that the U S security state has designed CVE to legitimize and shore up support for the very institutions that historically have criminalized demonized and dehumanized communities of color while appearing to learn from and attenuate past practices of coercive policing racial profiling and political exclusion By undertaking this analysis *Suspect Communities* offers a vital window into the inner workings of the U S security state and the devastating impact of CVE on local communities New York Magazine , 1994-07-11 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
