Dodson,2008-12-10 While scholars have often found value in comparing Wisdom and Romans a comparison of the use of personification in these works has not yet been made despite the striking parallels between them Furthermore while scholars have studied many of these personifications in detail no one has investigated an individual personification with respect to the general use of the trope in the work Instead most of this research focuses on a personification in relation to its nature as either a rhetorical device or a supernatural power The Powers of Personification seeks to push beyond this debate by evaluating the evidence in a different light that of its purpose within the overall use of personification in the respective work and in comparison with another piece of contemporaneous theological literature This book proposes that the authors of Wisdom and Romans employ personification to distance God from the origin of evil to deflect attention away from the problem of righteous suffering to the positive sides of the experience or to defer the solution for the suffering of the righteous to the future **Obsession** Debra Webb,2012-08-07 She thought she d left the murders and his obsession behind

Translating the Female Self across Cultures Eliana Maestri,2018-01-15 *Translating the Female Self across Cultures* examines contemporary autobiographical narratives and their Italian and French translations

The comparative analyses of the texts are underpinned by the latest developments in Translation Studies that place emphasis on identity construction in translation and the role of translation in moulding various types of identity. They focus on how the writers' textual personae make sense of their sexual, artistic and post colonial identities in relation to the mother and how the mother-daughter dyad survives translation into the Italian and French social, political and cultural contexts. The book shows how each target text activates different cultural, literary, linguistic and rhetorical frames of reference which cast light on the facets of the protagonists' quest for identity, the cult of the Madonna, humour and irony, gender and class mimesis and storytelling performativity and geographical sense of self. The book highlights the fruitfulness of studying women's narratives and their translations and the polyphonic dialogue between the translations and the literary and theoretical productions of the French and Italian cultures. *HJEAS*, 2000. The Best Short Stories of 1921 Edward J. O'Brien, 2016-09-09. I was talking the other day to Alfred Coppard who has steered more successfully than most English story writers away from the Scylla and Charybdis of the modern artist. He told me that he had been reading several new novels and volumes of short stories by contemporary American writers with that awakened interest in the civilization we are framing which is so noticeable among English writers during the past three years. He asked me a remarkable question and the answer which I gave him suggested certain contrasts which seemed to me of basic importance for us all. He said I have been reading books by Sherwood Anderson, Waldo Frank and Ben Hecht and Konrad Bercovici and Joseph Hergesheimer and I can see that they are important books but I feel that the essential point to which all this newly awakened literary consciousness is tending has somehow subtly eluded me. American and English writers both use the same language and so do Scotch and Irish writers but I am not puzzled when I read Scotch and Irish books as I am when I read these new American books. Why is it? As I Pass, O Manhattan Esther Morgan McCullough, 1956. The Last Battle R.L. Kiser, 2012-12-03. Don't miss this epic tale of magic and warriors in a desperate race against superior forces to save the center of all civilization. The vastness of the deep desert holds the secret of the thousand-year-old temple of the forgotten Goddess Narine. Young Crystal Warrior Darian discovers the temple but the Crystal center of civilization is under magical attack by unknown forces. Darian vows to return to finish their quest for a third hidden obelisk which will allow them entry into the chamber of the Twelve Tablets. Recalled from the farthest lands, Crystal warriors gather together to battle a force four times their number. But time is short. It may be that their only choice is a horrendous devastating weapon band long ago. They may be forced to use it. Tarina, known as Awiel of the Dance, is a sexy and talented Veil Dancer and Crystal Seeress. Born of the desert, her physical and crystal magic abilities belie her youth. Rowan, captain of the Crystal Warrior Elite, his task is to organize an army from few resources to battle four times their number. The horrors he must use to save the Crystal are devastating. Darian, a young Crystal Warrior who explores the vastness of the deep desert and discovers an ancient temple. The ways he learns from his deep desert friends serve him well. Rashid, a rich mercenary of the deep desert and fellow explorer who leads the group that discovers the ancient temple.

Many others play important roles in this tale of villains and heroes Don't miss this tale of magic and warriors and daring deeds Reviews This story held my interest I'd recommend it Constant Amazon More of the same characters I loved in the first book and more I loved the story I'd recommend it JD King The power of the Crystal and the power of the crystal warriors makes for a great battle scene Tarina is one tough and beautiful young lady W R Masters Excellent story I devoured this book in a day and a half Overall I enjoyed the banter between the various characters the insight into the hierarchy of the Crystal City and of course the intrigue behind the battle between the forces of good and evil Well done Patricia Hamill on Goodreads
