Oceano Mare Alessandro Baricco:

Ocean Sea Alessandro Baricco, 2024-12-18 From the author of the international bestseller *Silk* Vividly erotic Los Angeles Times A heartbreaking love story a literary gem of bewitching power The Sunday Times London comes a haunting suspenseful tale of love and vengeance A handful of disparate lives converge at a remote seaside inn a lovelorn professor a renowned painter an inscrutable seductress And a beautiful young girl fatally ill brought to the sea by a desperate father s last hope An intricate web of destinies and associations begins to reveal itself but it is not until the arrival of a mysterious sailor called Adams that the truth in all its dreamlike beauty and cruelty becomes clear Adams may furnish the key to the girl s salvation but only the fulfillment of his obsessive secret purpose to answer murder with murder can conclude the journey that has brought him from the ends of the earth At once playful and profoundly serious Alessandro Baricco s new novel surges with the hypnotic power of the ocean sea *The Mirage of America in Contemporary Italian Literature and Film*

Barbara Alfano, 2013-07-15 *The Mirage of America in Contemporary Italian Literature and Film* explores the use of images associated with the United States in Italian novels and films released between the 1980s and the 2000s In this study Barbara Alfano looks at the ways in which the individuals portrayed in these works and the intellectuals who created them confront the cultural construct of the American myth As Alfano demonstrates this myth is an integral part of Italians discourse to define themselves culturally in essence Italian intellectuals talk about America often for the purpose of talking about Italy The book draws attention to the importance of Italian literature and film as explorations of an individual s ethics and to how these productions allow for functioning across cultures It thus differentiates itself from other studies on the subject that aim at establishing the relevance and influence of American culture on Italian twentieth century artistic representations

Voicing the Word Marina Spunta,2004 Drawing on the recent renewal of interest in the debate on orality and literacy this book investigates the varying perceptions and representations of orality in contemporary Italian fiction providing a fresh perspective on this rich and fast developing debate and on the study of the Italian literary language The book brings together a number of complementary approaches to orality from the fields of linguistics literary and media studies and offers a detailed analysis of a broad variety of authors and texts that appeared over the last three decades ranging from internationally acclaimed writers such as Celati Duranti and Tabucchi through De Luca and Baricco to the latest generation of writers such as Campo Ballestra and Nove By exploring the complementary facets of Italian orality and its diachronical developments since the seventies this study questions the traditionally dichotomic approach to the study of orality and literacy and posits a more flexible cross modal approach that accounts for the increasing hybridisation of text forms and media and for the greater interaction between the spoken and the written as well as their representations
