Peters-Hill, 2020-09-25 Reconnaissance au Maroc is Charles de Foucauld's adventurous account of his Moroccan explorations For eleven months in 1883-84 Foucauld travelled through a country then off limits to Europeans documenting its landscape and charting its waterways He travelled in disguise as a Russian rabbi Joseph Aleman accompanied by the real rabbi Mardochee Aby Serour and sought hospitality in the mellahs Jewish quarters of villages along their route Foucauld meticulously recorded every day of his time in Morocco and by the time his memoir was published in 1888 it had already garnered praise in France and the prestigious gold medal from the Soci t  de G ographie de Paris The book is more than merely a travel memoir however as an artefact of cultural and religious encounter and as a scientific compendium Reconnaissance au Maroc offers an extraordinary glimpse of the late nineteenth century French mentality toward North Africa as well as a cross section of Moroccan society in the pre colonial era Rosemary Peters Hill's volume translates Foucauld's work into English for the first time situating Reconnaissance within the contexts of both late nineteenth

century French writing about ailleurs other places and Foucauld's own journey through Morocco the other place where paradoxically he found his true self and calling

**Worship with One Accord** Geoffrey Wainwright, 1997-06-12 The historical course of Christianity in the twentieth century has been strongly marked by the Ecumenical Movement and the Liturgical Movement and often these currents for the recovery of the Church's unity and the renewal of its worship have flowed together In this new book author Geoffrey Wainwright draws on his three decades of active participation in both movements to offer a theologically informed account of what has been at stake in them what their achievements have been and what tasks remain for them to accomplish He shows how the two movements have engaged such issues as the authority and function of scripture and tradition as well as the nature of the Church and sacraments In this last connection Wainwright illuminates the convergence represented by the widely received Lima text on Baptism Eucharist and Ministry in the writing of which he played a prominent part The linguistic and anthropological turns that characterize twentieth century thought are reflected in the attention given to the language and ritual of worship The social location of the Church is addressed in chapters that look to liturgical practices for common Christian perspectives on ethics politics and culture so that discords and conflicts may be resolved and reconciled

The book makes its own contribution to the symphony of praise to which the apostle Paul summons Christians and the churches when they will with one mind and one voice glorify the God and Father of our Lord Jesus Christ     **Bachelor 2000**
