Rover 75 and MG ZT charts the evolution of the models from the early 1990s onwards including full production histories and comprehensive specification details. Contents include the development and production of the Rover 75 under BMW in the 1990s becoming the MG Rover Group from BMW to Phoenix Venture Holdings expanding the Rover 75 with Longbridge Rover Saloons and Tourers the MG models of the new millennium the ZT and ZT T monogram 75 the five millionth Rover a facelift for the cars with the new V8 engines moving production to China and the end of the MG Rover Group. Illustrated with 267 colour photographs this is essential reading for motoring enthusiasts and fans of the Rover brand. **The Essential** Graham Robson, 2004 Essential MG tells the full story of this well-loved sports car from its early days covering developments in style increases in power and its history in racing and speed trials. The first MG cars were produced in Oxford, England in 1924. The car was instantly appealing with a cheekiness of spirit that would characterize the marque all of its life, winning the hearts of millions around the globe, not least in the United States. The price was as attractive as the styling and the performance. It was cheap and it was fun, quintessential MG traits. Volvo Model by Model brings Volvo to life with the feel of the cars from behind the wheel from the side-valve V4 to the electric C40 with legends like the 240, the XC90 and the 850 in between. Volvo's marketing strategies from safety to sporty and back again are examined with thoughts from contemporary road tests. So buckle up your Volvo patented three-point safety belt and prepare for the ride. In the 2020s, Volvo is undergoing a resurgence, gaining mainstream desirability with record sales for six consecutive years. There is also huge interest in wider Scandinavian culture and design. Volvo Model by Model is a new look at the cars and cultural impact of Volvo. Always daring to be different, no other car manufacturer encapsulates its home nation so completely, accounting for one-third of the Swedish dream. Volvo Vovve Volvo started in 1927 but the open-topped V4 didn't sell well in the harsh Swedish climate. This was a rare misstep, although there have been some challenging aesthetics on the way like the 760. Volvo survived a failed marriage with Ford which still produced one of the company's all-time best sellers. Volvo now has another home. China Parent company Geely enables Volvo to freely express its Scandinavian style and today's slick Swedes were voted the best designed range of cars by British motorists. Concept Recharge points the way to an electric future. **Popular Mechanics**, 1979-08 Popular
