material is available with course adoption *The NYPD's First Fifty Years* BERNARD WHALEN, JON WHALEN, 2015-01-01
The New York Police Department is an iconic symbol of one of the world's most famous cities. The blue uniforms of the men and women who serve on the force have long stood for integrity and heroism in the work to serve and protect the city's residents. And yet, as in any large public organization, the NYPD has also suffered its share of corruption, political shenanigans, and questionable leadership. In *The NYPD's First Fifty Years*, Bernard Whalen himself, a long-serving NYPD lieutenant, and his father Jon consider the men and women who have contributed to the department's past, both positively and less so. Starting with the official formation of the NYPD in 1898, they examine the commissioners, politicians, and patrolmen who during the next fifty years left a lasting mark on history and on one another. In the process, they also explore the backroom dealings, the hidden history, and the relationships that set the scene for the modern NYPD that so proudly serves the city today.

Occupying Political Science E. Welty, M. Bolton, M. Nayak, C. Malone, 2012-12-28 *Occupying Political Science* is a collection of critical essays by New York-based scholars, researchers, and activists which takes an unconventional look at the Occupy Wall Street movement through concepts found in the field of political science. Both normative and descriptive in its approach, *Occupying Political Science* seeks to understand not only the origins, logic, and prospects of the OWS movement but also its effect on political institutions, activism, and the very way we analyze power. It does so by asking questions such as: How does OWS make us rethink the discipline of political science, and how might the political science discipline offer ways to understand and illuminate aspects of OWS? How does social location influence OWS, our efforts to understand it, and the social science that we do? Through addressing topics including social movements and non-violent resistance, surveillance, and means of social control, electoral arrangements, new social media, and technology, and global connections, the authors offer a unique approach that takes seriously the implications of their physical, social, and disciplinary location in New York, both in relation to Occupy Wall Street and in their role as scholars in political science. **Resolved** Robert K. Tanenbaum, 2003-08-26

Tanenbaum's done it again. *Resolved* is a complex, suspenseful tale of justice in the Big Apple as a vengeful and sadistic killer sets his sights on the man who put him away: New York Chief Assistant District Attorney Butch Karp. The fifteenth installment in Robert K. Tanenbaum's blistering New York Times bestselling series sees Karp up against one of his most frightening tests, and the stakes have never been higher. A convicted killer named Felix Tighe has escaped from prison and has vowed to hunt down and execute the NYPD detectives who arrested him years ago. But there's more: Tighe's also planning a fight to the death with Chief Assistant District Attorney Butch Karp, the man who put him away. Felix Tighe's laser-focused, obsessive hatred of Karp has simmered during his prison confinement, where he has spent time with Feisal Abdel Ridwan, a radical Islamic fundamentalist, and their sordid connection only fuels his loathing of Karp. Now out of prison with an assumed identity and dangerously seeking payback, Felix stalks Karp to the very heart of his family as he plans a demonic assault on Karp's daughter, Lucy. Rippling with action and full of Tanenbaum's trademark twists and turns, *Resolved* is a must-read novel which

roils with post 9 11 malevolence and searing New York scenes As Karp faces his toughest assignment yet and with his fearless and complex private detective wife Marlene Ciampi at his side Resolved builds to an almost unbearable climax at Karp s office Manhattan s central courthouse Teasing Secrets from the Dead Emily Craig, Ph.D.,2005-09-27 Teasing Secrets from the Dead is a front lines story of crime scene investigation at some of the most infamous sites in recent history In this absorbing surprising and undeniably compelling book forensics expert Emily Craig tells her own story of a life spent teasing secrets from the dead Emily Craig has been a witness to history helping to seek justice for thousands of murder victims both famous and unknown It s a personal story that you won t soon forget Emily first became intrigued by forensics work when as a respected medical illustrator she was called in by the local police to create a model of a murder victim s face Her fascination with that case led to a dramatic midlife career change She would go back to school to become a forensic anthropologist and one of the most respected and best known bone hunters in the nation As a student working with the FBI in Waco Emily helped uncover definitive proof that many of the Branch Davidians had been shot to death before the fire including their leader David Koresh whose bullet pierced skull she reconstructed with her own hands Upon graduation Emily landed a prestigious full time job as forensic anthropologist for the Commonwealth of Kentucky a state with an alarmingly high murder rate and thousands of square miles of rural backcountry where bodies are dumped and discovered on a regular basis But even with her work there Emily has been regularly called to investigations across the country including the site of the terrorist attack on the Murrah Building in Oklahoma City where a mysterious body part a dismembered leg was found at the scene and did not match any of the known victims Through careful scientific analysis Emily was able to help identify the leg s owner a pivotal piece of evidence that helped convict Timothy McVeigh In September 2001 Emily received a phone call summoning her to New York City where she directed the night shift triage at the World Trade Center s body identification site collaborating with forensics experts from all over the country to collect and identify the remains of September 11 victims From the biggest news stories of our time to stranger than true local mysteries these are unforgettable stories from the case files of Emily Craig s remarkable career **Crime Scene Investigation** Paul Mauro,Harold Keith Melton,2003 *Hearing on the Fair Labor Standards Act* United States.
