Donald Thornton told his six daughters: But I'm not always gonna be around to look after you and no man's gonna come along and offer to take care of you because you ain't light skinned. That's why you gotta be able to look after yourselves. And for that you gotta be smart. *The Ditchdigger's Daughters* is an inspiring portrait by a loving daughter of a father whose pervasive common sense, folk wisdom, and untutored but right on insights gave his children their road map to a better life. It is the story of a man who dared to dream that his black daughters would someday become doctors, and who guided them to achieve the seemingly impossible goals he set for them. From the tenements of East Harlem to the footlights of the Apollo Theatre to the halls of an Ivy League medical school, Dr. Yvonne Thornton has written a family biography that is as moving as it is inspiring. Here is the story of a poor black father and his unimaginable dream of seeing all six of his daughters become doctors, of the wisdom and guidance that gave his girls the strength to keep striving, and of the remarkable way that each one of them transcended race, color, and gender to fulfill the promise of the American Dream. Dr. Thornton's story shows that a family that stays together, that holds fast to traditional values, can make a quantum leap up the social mobility scale in one generation. *Wall Street Journal*. Entertaining yet inspiring, a welcome antidote to the many recent books that have shown the underside of growing up black. *Cleveland Plain Dealer*. **Pregnancy Is a "Real Mother!"** Jeffrey L. Zweig MD, 2015-05-16. Want a book that is more personal than other books on the subject? Want a book on pregnancy that is easy to read? Looking for a book that tells all about pregnancy? Want to laugh and be amused by a book on pregnancy? If so, *Pregnancy: A Real Mother* is the book for you. It is one of the most fascinating and captivating books published on the subject in over 20 years. The title of the book says it all: a book with its own personality, written by an Ob/Gyn who has delivered over 8,000 babies over 40 years of practice experience. Dr. Zweig's goal in writing this book is to answer all the questions about pregnancy that are typically asked on a daily basis. The book starts out on the same journey of pregnancy that the expectant parents begin from.
