

Right Triangle Word Problem Project

You must create and solve 3 word problems that are based off of your life in some way. They can relate to a hobby, club, or sport you enjoy, or just take place in a place you visit frequently or include your friends. Your word problems must be unique which means I should not be able to google it and find them on some worksheet out in internet land.

LEVEL 3

Your word problems and resulting triangles must make logical sense in the context of the problem.

- ☐ Your first word problem must ask for the solver to identify if the triangle is a right triangle.
- ☐ Your second word problem must ask for the solver to find a leg of a right triangle.
