5 pages | 1014 words

In today's working society, parents need to rely on quality daycare for their children. However, finding a daycare that will strive to nurture each child's unique qualities and create a work environment that encourages professionalism, growth, and diversity can be stressful for a parent because of the realization of how important this decision may be.

A daycare teacher must focus on many different areas to provide a developmentally appropriate curriculum for young children. As a teacher in a toddler room, my girlfriend Christine needs to communicate to her peers, children and parents on a daily basis both verbally and non-verbally.

As I entered the room, early this morning, I noticed five children, each of them doing his or her individual thing. About 70 percent of children, at this toddler age, have a vocabulary consisting of 50 to 250 words (Ginny Graves, 2003); however, only one of them spoke when I entered the room. Once the two females of the room noticed me, they immediately stopped what they were doing and looked at me in a disapproving way. One of the females hid behind the shelf, exposing only her part of her face, while the other turned her back to me to continue playing in the "dramatic play" sand box.

As for the three boys, they seemed content, as if I were not a foreign object in the room. The set of twins waved to me as if to say "Welcome to our room" while the third boy said "Hi" with a big smile. I previously met the set of male twins on a recent previous trip from a few days ago; therefore, the warm welcome from the boys was expected. As I said, "Hello friends" to the children of the room, Christine immediately said "Hello Pete", along with a big wave and smile to give example to the children.

After taking a few steps into the room, I was asked to bend down so that I was at there level. Christine began to associate me with a picture of myself, which is posted on the closet door at the toddler's eye level by saying, "Friends, we know Pete, he is in the picture". Christine held the hands of the two females and brought them over to the picture and pointed to the picture of me and asked, "Do you see Pete in the picture"? One of the girls pointed reluctantly and the other bowed her head as in an uninterested manner.

A few minutes into the observation and it was snack time, well at least to one of the twins it was. The boy was pointing to where they keep the snacks so Christine bent down to his level and began to say "You are pointing to the cabinet, does this mean you want snack"? The boy grunted as if to say yes. Christine said, "Yes you are right, it is time for snack, but what do we do right before snack?" Once the rest of the children heard this, they began to jump up and down to...

South Pacific Jim Lovensheimer, 2010-08-26 Rodgers and Hammerstein s Tony and Pulitzer Prize winning musical South Pacific has remained a mainstay of the American musical theater since it opened in 1949 and its powerful message about racial intolerance continues to resonate with twenty first century audiences Drawing on extensive research in the Rodgers and the Hammerstein papers including Hammerstein s personal notes on James A Michener s Tales of the South Pacific Jim Lovensheimer offers a fascinating reading of South Pacific that explores the show s complex messages and demonstrates how the presentation of those messages changed throughout the creative process Indeed the author shows how Rodgers and especially Hammerstein continually refined and softened the theme of racial intolerance until it was more acceptable to mainstream Broadway audiences Likewise Lovensheimer describes the treatment of gender and colonialism in the musical tracing how it both reflected and challenged early Cold War Era American norms The book also offers valuable background to the writing of South Pacific exploring the earlier careers of both Rodgers and Hammerstein showing how they frequently explored serious social issues in their other

works and discussing their involvement in the political movements of their day such as Hammerstein's founding membership in the Hollywood Anti Nazi League. Finally the book features many wonderful appendices including two that compare the original draft and final form of the classic songs 'I'm Gonna Wash That Man Right Out a My Hair' and 'I'm In Love With a Wonderful Guy'. Thoroughly researched and compellingly written, this superb book offers a rich, intriguing portrait of a Broadway masterpiece and the era in which it was created.

Transforming Asian Economy and Business Administration
Katsuhiko Hirasawa, Tsuyako Nakamura, Yutaka Takakubo, 2022-06-10

Are there any countries now days that do not use products and parts made in Asia? In this sense Asia is a production base that supports the world economy. The entry of multinational corporations into Asian countries has been carried out from early on. But it was the collapse of the socialist planned economy that clinched the expansion of MNEs into Asia. The collapse of the socialist planned economy was accompanied by the introduction of the market economy in the countries with the socialist planned economy. The ideology of neo liberalism with emphasis on the market economy became the principle for the reconstruction of these countries. Against the backdrop of this global standard the activities of MNEs in Asian countries have advanced. Accompanying this the construction of an economic structure based on the MNEs has progressed there. This is the emergence of so called Asian capitalism. However the spread of COVID 19 and its countermeasures appear to be transforming this global order. As is well known the spread of COVID 19 and its countermeasures are suppressing international human exchanges and logistics advanced by globalization and promoting the restructuring of local economies. In this context the way of business activities in Asian countries probably defines the future world order. Based on this awareness of the issues this book deals with various problems of the economy and business management especially human resources in Asian countries.

Contemporary research on the lives and experiences of women of color tends to neglect the influence of women's perceived access to voice as they manage tensions related to race, class and gender. Underserved Women of Color: Voice and Resistance Claiming a Seat at the Table contributes to current dialogues that construct Black Feminist Theory as active critical engagement within dominant American institutions that oppress women of color in their daily lives. Women of color face unique social challenges that exist at the intersections of race, gender, class and sexual orientation.
