Ocr Economics Past Papers June 2012:

The Cost of Racial Equality Major G. Coleman, 2025-10-14 Knowing the cost of products is important If you don't know how much your item costs whatever it may be you are likely to be overcharged or under protected Racial equality is very much like any product Generally you get what you pay for assuming you are buying well made products from reputable and professional sources The more you pay the more you get the less you pay the less you get But everyone knows there are often wild exceptions to the general rule of getting what you pay for Racial equality is no exception Some low cost racial equality programs provide tremendous bang for the buck K 12 school integration affirmative action in higher education funding for anti discrimination enforcement and political equality in voting are just a few examples However by refusing to calculate the costs involved and choosing to pay little or nothing for racial equality the nation is defaulting to the highest cost options This is like trying to save money on transportation by not changing the oil in your car Racial equality cost decisions are particularly problematic as the nation moves to being majority minority by mid century Not knowing the costs for racial equality threatens American democracy *Holding Together* John Shattuck, Sushma Raman, Mathias Risse, 2022-05-31 A bold new assessment of the multipronged attack on rights in the United States and how to push back An overwhelming majority of Americans agree that rights are essential to their freedom and that rights today are severely threatened The promise of rights has been reimagined at pivotal moments in American history from the American Revolution to the Civil War to the Civil Rights Movement Can today become another time of transformation *Holding Together* is about the promise of rights as a source of American identity the struggle to realize rights by countless Americans to whom the promise has been denied or not fulfilled the hijacking of rights by politicians who seek power by dividing and polarizing and the way forward in which rights can bring Americans together instead of tearing them apart Drawing on a series of town hall meetings with representative groups of citizens across the country discussing their concerns over rights new national opinion polls from all demographic groups and political perspectives conducted in 2020 and 2021 and extensive research *Holding Together* is a road map for an American rights revival John Shattuck Sushma Raman and Mathias Risse present a comprehensive account of the current state of rights in the United States and concrete recommendations to policy makers and citizens on how to reclaim them The Times Index, 2011 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement **Teaching and Learning in the Face of Adversity** Michelle L.
