What about My IEP Creating Students with Voice Master Schedules from a Student s Perspective **Saving Schools** Paul E. Peterson,2010-07-30 In this book Peterson interprets the history of American schools by placing major educational reformers in the context of their times and relates their thinking to our own era by scrutinizing the often unanticipated consequences of their commitments and ideas These extraordinary individuals provided the critical ideas and articulated the ideals that motivated many others to search for ways to save the schools from the limitations in which they were embedded Horace Mann John Dewey Martin Luther King Al Shanker William Bennett and James S Coleman The drive to centralize was pervasive despite repeatedly expressed reform desire to customize education Peterson argues that education has become an increasingly labor intensive industry that must reverse direction and become more capital intensive or it will descend in quality Fortunately technological change is making it possible radically alter the way in which education services are delivered providing a new chance to save our schools *Kurdish Awakening* Ofra Bengio,2014-11-15 *Kurdish Awakening* examines key questions related to Kurdish nationalism and identity formation in Syria Iraq Iran and Turkey The world s largest stateless ethnic group Kurds have steadily grown in importance as a political power in the Middle East particularly in light of the Arab Spring As a result Kurdish issues political cultural and historical alike have emerged as the subject of intense scholarly interest This book provides fresh ways of understanding the historical and sociopolitical underpinnings of the ongoing Kurdish awakening and its already significant impact on the region Rather than focusing on one state or angle this anthology fills a gap in the literature on the Kurds by providing a panoramic view of the Kurdish homeland s various parts The volume focuses on aspects of Kurdish nationalism and identity formation not addressed elsewhere including perspectives on literature gender and constitution making Further broad thematic essays include a discussion of the historical experiences of the Kurds from the time of their Islamization more than a millennium ago up until the modern era a comparison of the Kurdish experience with other ethno national movements and a treatment of the role of tribalism in modern nation building This collection is unique in its use of original sources in various languages The result is an analytically rich portrayal that sheds light on the Kurds prospects and the challenges they confront in a region undergoing sweeping upheavals **Rebuilding the Education Sector in East Timor during UNTAET** Trina Supit,2020-10-07 This original volume examines the collaboration between East Timorese and international staff in the rebuilding of the education

sector during the United Nations Transitional Administration in East Timor UNTAET 1999 2002 Using interviews contemporary newspaper articles and reports from UN sources and the World Bank the book enables a comprehensive analysis of Timorese agency Examining choices made by the Timorese and drawing comparison with other former Portuguese colonies the text considers the power of the Timorese elite the role of nepotism and corruption the preservation of the Indonesian curriculum and the selection of Portuguese as the medium of instruction and official language together with Tetum Concluding with a contemporary discussion on the educational achievements for East Timorese children during UNTAET compared with those of today Rebuilding the Education Sector in East Timor during UNTAET will be of interest to academics researchers and post graduate students in the fields of post conflict studies post colonial education and language policy as well as East Timor more specifically This book will also benefit graduate students and scholars in teacher education Trina Supit completed her PhD at the University of Sydney Australia She was a member of the UNTAET Division of Education
