Farhad,2004-07-23 The Savafid dynasty represented in political cultural and economic terms the pinnacle of Iran s power and

influence in its early modern history The evidence for this the creation of a nation state military expansion and success

economic dynamism and the exquisite art and architecture of the period is well known What is less understood is the extent

to which the Safavid success depended on and was a product of a class of elite originating from outside Iran the slaves of

Caucasian descent and the Armenian merchants of New Julfa in the city of Isfahan It was these groups bolstered by Shah

Abbas the Great 1589 1629 and his successors who became the pillars of Safavid political economic and cultural life This

book describes how these elites following their conversion to Islam helped to form a new language of Savafid absolutism It

documents their contributions financed by the Armenian trade in Safavid silk to the transformation of Isfahan s urban artistic

and social landscape The insights provided here into the multi faceted roles of the Safavid royal household offer an original and comprehensive study of slave elites in imperial systems common to the political economies of the Malmuk Ottoman and Safavid courts as well as contributing to the earlier Abbasid Ghaznavid and Saljuq eras As such this book makes an original and important contribution to our understanding of the history of the Islamic world from the 16th to the 18th centuries and will prove invaluable for students and scholars of the period **Moody's Manual of Investments** John Sherman
